ALBERTA TRANSFER GUIDE

2000 - 2001

a guide to transfer credit at

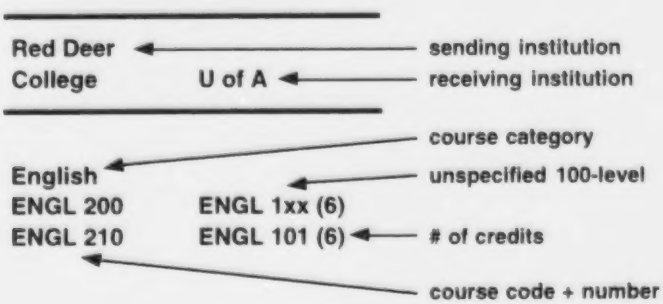
Alberta post-secondary institutions

ALBERTA COUNCIL ON ADMISSIONS AND TRANSFER

Hints on how to use the Alberta Transfer Guide

1. First identify the receiving institution (the one to which you are planning to transfer). Carefully read its admission and transfer information in Section II of this Guide. Then contact the institution directly for specific admission and program requirements. The telephone numbers and addresses are noted in Section II.
2. Next turn to Section III of the Guide to find the pages dealing with courses and programs from the sending institution (the one where you take the courses you wish to transfer). Section III of this Guide is arranged alphabetically by sending institution.

The following illustrates how to read the course transfer agreements recorded in Section III:



In other words, if you successfully completed ENGL 210 at Red Deer College you know it will be accepted at U of A instead of ENGL 101. Red Deer's ENGL 200 will be accepted as a 6 credit introductory English option at U of A.

Use the current edition of the Transfer Guide if you are planning to take courses. However, if you have already completed post-secondary courses in Alberta, refer to the *Transfer Guide* corresponding to the year in which you took the courses.

REMINDER – Transfer agreements specified in the *Transfer Guide* may be dependent on the particular program a student wishes to enter. If a student switches to an unrelated program, courses may not be fully transferable.

[1] This chart contains public institutions and those with transfer agreements in Section III of the *Transfer Guide*. In addition, the *Guide* includes transfer agreements with Aurora College and Nunavut Arctic College in the Northwest Territories and Nunavut, Edmonton School of Ballet, Nechi Institute on Alcohol and Drug Education, and Transport Canada. There are other organizations, private and non-affiliated colleges and private vocational schools in Alberta, some of which may offer courses that are transferable.

[2] University of Alberta has a formal affiliation agreement with North American Baptist College, Edmonton under which certain courses offered by the College will be accepted by the University for transfer credit. St. Joseph's College and St. Stephen's College are affiliated with the University of Alberta and are located on the University's campus.

ALBERTA TRANSFER GUIDE

25th Anniversary Edition

The Alberta Council on Admissions and Transfer (ACAT) is proud to celebrate publication of the 25th annual edition of the *Alberta Transfer Guide*. On this anniversary, ACAT acknowledges the tremendous commitment the post-secondary institutions in Alberta have made on behalf of students.

Contact Persons

To facilitate communication both among the institutions and with Council itself, in 1976 Council established a network of representatives from the post-secondary institutions. These Contact Persons and their helpers work diligently to facilitate the formalizing of transfer agreements and their publication in the *Alberta Transfer Guide* so that students who need to transfer from one post-secondary institution in Alberta to another, can plan their courses accordingly. It is because of the commitment of the Contact Persons and their helpers that the Guide has a reputation for being accurate, reliable and indispensible to Alberta's transfer system.

Online Alberta Transfer Guide

ACAT is dedicated to providing students with good information so they can plan their post-secondary studies. Since 1995, accessibility to transfer information has been increased by the Online Alberta Transfer Guide (www.acat.gov.ab.ca). Visitors to the Web site can access transfer agreements from1993-94 to the present. Also available at the site are other admission and transfer information and links to post-secondary institution Web sites.

Did you know?

- When ACAT pubished its first *Transfer Guide* for the 1976-77 academic year, it was the first provincial transfer guide in Canada.
- The first edition of the Guide reported 1,775 course and program agreements involving 12 institutions. In contrast, the 25th edition for the 2000-2001 academic year involves over 25,800 transfer agreements and 36 institutions in Alberta, Northwest Territories and Nunavut.
- Each of the 25,800 agreements represents a transfer opportunity for the over 9,000 students who transfer among Alberta's post-secondary institutions each year.

"An aspect of ACAT that we feel is working very well is the Alberta Transfer Guide. This is an incredible resource for post-secondary students and institutions when researching transfer options. We appreciate the role ACAT provides to produce this document, as well as the hard work that is put into its production."

Alberta College & Technical Institute Student Executive Council (ACTISEC)

"On the whole, transfers within the Alberta post-secondary system work extremely smoothly thanks, in large part, to the efforts of ACAT and specifically to the transfer agreements on courses and programs contained in the Alberta Transfer Guide."

Manager of the *Alberta Transfer Guide*

2 UofA, UofC, UofL and AUC also accept Social Studies 30H. UofA, UofC, UofL and CUCA also accept Native Studies 30.

3 At UofA and Concordia, both Saskatchewan Algebra 30 and Geo-Trig 30 are required.

4 Must be presented in combination with Newfoundland English 3101 at the UofA and CUCA.

Other Provinces' 1999-2000 Grade 12-level Subjects Acceptable for Admission to Alberta Universities and Private University Colleges

NOTES TO ACCOMPANY THE CHART

1. The chart reflects the **common policies** of Alberta's universities and private university colleges in recognizing courses taken in other provinces that are acceptable for admission purposes in lieu of Alberta 30-level courses. The information is accurate as of the revision date, but **subject to change without notice**. The chart is **not** exhaustive: only courses that are accepted in common by all 8 institutions are included. In addition, individual institutions may accept other courses for admission purposes. Athabasca University has an open admissions policy which does not require high school prerequisites for admission to the University.

2. The chart refers to courses offered during the **1999-2000 school year** and is not a cumulative or historical table. Courses completed in prior years may be acceptable for admission purposes.

3. It is advisory only and is intended for information, particularly for high school educators.

4. While accepted for admission purposes, these courses may be applied in different ways by the institutions. For further information on acceptance of out-of-province courses by Alberta's universities and private university colleges, please contact the Office of the Registrar at the appropriate institution.

I. INTRODUCTION

ALBERTA COUNCIL ON ADMISSIONS AND TRANSFER

The Alberta Council on Admissions and Transfer, established in 1974 as an independent body, which reports annually to the Minister of Learning, is responsible for developing policies, guidelines, and procedures designed to facilitate transfer arrangements among post-secondary institutions. The framework for these admissions and transfer arrangements is contained in the Council's Principles, Policies, and Procedures, published in Section VI of this *Alberta Transfer Guide*.

Council plays an active role in the implementation of these policies through monitoring, mediation, and research. Council has a continuing responsibility for facilitating improvement in communications and working relationships among institutions regarding the admission of transfer students and the award of transfer credit. The basic objective of Council is the enlargement of educational opportunities for students.

The 14-member Council includes the Chair and representatives from the public, students, universities, public colleges and technical institutions, private university colleges and the secondary education system.

An important activity of Council is the publication and distribution of the annual *Alberta Transfer Guide*. The first edition was published for the academic year 1976-77 and has been revised annually. This publication is the **official statement** of transfer agreements duly negotiated and approved by post-secondary institutions in this province. It has been established both within and outside Alberta as a useful transfer document, and is considered indispensable for transfer operations within the province. It is, moreover, broadly used by other jurisdictions in support of Alberta students transferring there, and more generally as information about the kinds of transfer agreements developed in this province with the support of the Council.

Notwithstanding transfer agreements included herein, resource and other limitations may in some cases preclude the admission of transfer students on the same basis as students already registered in the receiving institution. Further details are available from the Registrar of the receiving institution.

USE OF THE *ALBERTA TRANSFER GUIDE*

This, the 25th anniversary edition of the *Alberta Transfer Guide*, provides a record of transfer agreements for Alberta post-secondary institutions for the 2000-2001 academic year. Section II contains institutional statements on admission policies and related information for transfer students. These brief summary statements, which were provided to Council by each institution, are arranged alphabetically by institution. Section III lists transfer agreements for each sending institution. There may be up to four transfer information components for each sending institution:

1. a list of programs and/or courses transferable to universities and private university colleges,
2. a list of programs and/or courses transferable to Alberta College of Art and Design's BFA,
3. a list of programs and/or courses transferable to applied degree programs at colleges and technical institutes, and
4. a list of programs and/or courses transferable to certificate or diploma programs at colleges and technical institutes.

Section IV contains reciprocal transfer agreements between Alberta universities. Section V lists transfer arrangements with other organizations. Section VI presents a statement of transfer principles as developed by Council, together with an explanation of Council's role and the policies and procedures under which it operates. Section VII outlines the Council Terms of Reference and membership.

At the beginning of this *Transfer Guide* there are 4 charts: the Alberta post-secondary transfer system is on page ii, academic upgrading courses accepted by colleges and technical institutes on pages iv and v, college and technical institute academic upgrading courses accepted by universities and private university colleges on page vi, and other provinces' grade 12-level subjects accepted by universities and private university colleges is found on page vi and viii.

It should be noted that:

1. The *Transfer Guide* indicates the **minimum transfer credit** which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.

2. **The information presented in this *Alberta Transfer Guide* is the most recent available as of 1 April 2000.** This information is, in most instances, current. However, since negotiations among institutions are continuous and ongoing, there will undoubtedly be some instances in which listings are obsolete or incomplete. Registrars in the institutions should be contacted where questions arise.

3. **The *Alberta Transfer Guide* is not a cumulative record of changes in courses or transfer credits. It applies only to the academic year for which it is published and reflects courses and programs published in the institutional calendars for that academic year.** Therefore, persons are advised to consult the edition of the *Transfer Guide* for the year in which the particular course or program was completed.

4. When assessing students' transcripts, the assessor should consult the edition of the *Transfer Guide* corresponding to the year in which a given course was taken. Where questions arise, the Registrar's Office at the sending institution should be consulted.

5. **Informal transfer arrangements are possible on an individual basis.** These involve assessment by the receiving institution of an individual student's program, past performance, and the requirements of the program which the student wishes to enter. **Students seeking special consideration are advised to consult with the Registrars at both their present institution and at the institution to which they propose to transfer.**

6. **Transfer agreements specified in the *Transfer Guide* may be dependent on the particular program a student wishes to enter. If a student switches to an unrelated program, courses may not be fully transferable.**

7. Receiving institutions have specific admission and program requirements, which, in some cases, may affect admissibility and advance credit. Thus, **students are strongly advised to refer to Section II of this *Transfer Guide*, the particular institutional calendar, and the receiving institution's Office of the Registrar in order to obtain more complete information.**

8. Where **no entry** appears (that is, a blank space) in the column of a receiving institution in the program and course grid in **Section III Transfer Agreements by Sending Institution** of this *Transfer Guide*, no formal transfer arrangement for that particular program or course is in effect between that sending and receiving institution at the time of printing.

EXPLANATION OF TERMS

Receiving institution — any post-secondary institution to which students are transferring.

Sending institution — any post-secondary institution from which students are transferring.

Unidirectional bilateral transfer agreements — a transfer agreement negotiated between a sending institution and a receiving institution which is primarily intended to be one-way. In practice, advance credit for courses involved in an agreement usually will be awarded at either institution, particularly when the agreement involves courses that are part of a university transfer program. However, in some cases credit will not be awarded in the opposite direction; for example, Institution A may agree to accept Institution B's cluster of transferable courses in lieu of one of its own courses and have the agreement entered in the *Transfer Guide*. However, it might not be appropriate for Institution B conversely to award transfer credits for the cluster of courses if a student with the one course from Institution A presented it for advance credit assessment.

Reciprocal bilateral transfer agreements — a transfer agreement that has been negotiated between two institutions whereby Institution A agrees to accept the course (or cluster of courses) taken at Institution B in lieu of its own course (or cluster of courses) and reciprocally, Institution B agrees to accept the course (or cluster of courses) taken at Institution A in lieu of its own course (or cluster of courses). Therefore, reciprocal bilateral agreements are always two-way agreements.

Course equivalent — a course for which credit is given by the receiving institution. Wherever possible, a specific course equivalent will be assigned by the receiving institution (e.g. English 123 = English 456)

Option — When used in relation to a particular program of study, "option" refers to courses in that program which are not prescribed by the Faculty and in which the student is allowed a choice. This choice may either be confined to a particular discipline (e.g. History) or unrestricted from among all offerings ("open" option). The level of study for the "option" is designated in various ways: Junior, Senior; 1xx, 2xx, 3xx, 4xx; or 1xxx, 2xxx, 3xxx, 4xxx reflecting the receiving institution's practice.

Elective — see Option.

Unassigned or unspecified — see Option.

APPLICABLE TIME PERIOD

The arrangements for transfer credit noted in this *Transfer Guide* apply to courses being taken during the academic year 2000 - 2001 (1 July 2000 to 30 June 2001). Credits for courses taken previously are governed by the *Transfer Guide* for the year in which the courses were taken. Where a student continues in a program on a full-time basis, no problem should occur. However, where a student interrupts or spreads the program out over a longer period of time, some problems may be encountered if the program requirements have changed. A student seeking transfer under these circumstances should seek advice from the institution offering the program which the student wishes to enter in order to determine the current status of admissions requirements and advance credit.

INSTITUTIONAL REQUIREMENTS

Within the context of the policies and procedures of the Alberta Council on Admissions and Transfer, each institution has particular requirements and practices for admission of students and the award of transfer credit. These institutional requirements are summarized in Section II of this *Transfer Guide*. **Students who are planning to transfer are advised to refer to the appropriate institutional calendar and to consult with the Registrar's Office at the receiving institution.**

DISTRIBUTION OF THE *ALBERTA TRANSFER GUIDE*

Copies of the *Transfer Guide* are sent each year to the Registrar's Office of all post-secondary institutions and the Guidance Counsellors in each high school in the province, as well as public libraries throughout Alberta. The annual *Alberta Transfer Guide* may also be obtained free of charge from the following office:

II. ADMISSION POLICIES AND RELATED INFORMATION FOR TRANSFER STUDENTS

The following statements have been provided directly by institutions. Other specific institutional regulations are included in the respective institutional calendars.

Alberta College

Established in 1903, Alberta College is a private institution with a proud history of offering high school, academic upgrading, English as a Second Language, and post-secondary certificate and diploma career programs. In addition the College offers music courses through its Conservatory of Music and is home to an International Music Academy.

Admission Requirements

Admission requirements are outlined in the College's calendar. Applicants are accepted on a first-qualified, first-served basis for high school and academic upgrading courses and must register in person. Students registering for these courses are required to present an Alberta Learning transcript or transcript from another secondary or post-secondary institution; students who have been out of high school for more than three years may be required to write a placement test. Entrance requirements for career programs vary depending on the career field. Prospective students to career programs and music programs must contact the Program Coordinator for registration procedures.

Transfer Policy

Advance credit may be available to students for previous related courses at recognized sending institutions or related professional experience in both the career program area and in music. Students wishing to apply for advance credit must forward an official transcript or a professional portfolio (or an audition tape for the music program) to the Program Coordinator at the time of application to the program. Advance credit is coordinated through the Registrar's Office and is contingent upon admission to the College program for which approval is sought.

Advance credit assessment is based on whether the course(s) or professional experience for which advance credit is sought is equivalent to courses or modules offered in an Alberta College program and relates to the program.

Alberta College of Art & Design

In 1995 Alberta College of Art & Design (ACAD) was authorized under the Colleges Act to offer a four-year Bachelor of Fine Arts degree program.

Admission Requirements

Admission to ACAD is competitive and is based on a review of academic transcripts, personal statement and portfolio assessment. While the portfolio is the primary criterion for admission to the College, all applicants must satisfy the minimum academic and English proficiency requirements outlined belo

Applicants must possess an Alberta High School Diploma, or its equivalent, with an average of at least 60% calculated on four grade 12 subjects including the following:

1. English 30 with a minimum grade of 60%; OR
2. English 33 with a minimum grade of 65%.

Effective Fall 2001, applicants to the Media Arts & Digital Technologies program at second year must possess an average of at least 70% calculated on four Grade 12 subjects including English 30, Mathematics 30, a 30-level Science (Physics 30 is strongly recommended) and Social Studies 30 or an approved Fine Arts elective. While not required for admission to the Foundation program, applicants who intend to major in the Media Arts & Digital Technologies program should plan to complete these program prerequisities (or equivalents).

Canadian citizens or permanent residents who have not completed high school but are 21 years of age or older and have been out of high school for at least one year may be considered for admission as non-matriculated adult applicants provided they possess one of the following:

1. English 30, or its equivalent, with a minimum grade of 60%; OR
2. English 33, or its equivalent, with a minimum grade of 65%.

Non-matriculated adult applicants should note that the Photographic Arts program has a Science/Math component. It is strongly recommended that applicants considering Photographic Arts as a major at second year have completed courses in Mathematics and Science at the 20-level (Grade 11) or equivalent.

All applicants must satisfy the minimum English Proficiency requirement as set out in the ACAD calendar. Applicants whose first language is not English may be required to achieve a score of 560 on the Test of English as a Foreign Language (TOEFL).

Transfer Credit

Alberta College of Art & Design may award transfer credit for courses completed at other post-secondary institutions upon a student's successful admission to a college

program. The amount of transfer credit awarded is limited by the College Residency Policy which states that at least 50% of a student's program must be completed at ACAD.

ACAD will consider for transfer credit only those courses completed at post-secondary institutions that are applicable to the ACAD degree or diploma program as determined by the Registrar's Office. Transfer credit is awarded by the Registrar's Office in accordance with the transfer agreements outlined in this publication or on the recommendation of the applicable Program Head. The following limits and conditions apply:

1. Only those courses completed with a grade of "C" or better will be considered for transfer credit.
2. Only those liberal studies courses completed at the university or university transfer level, as determined by the Registrar's Office, will be considered for transfer credit.
3. Courses in science beyond the introductory level and career related courses, as determined by the Registrar's Office, will only be considered for transfer credit if completed within ten years of the current academic year. Studio art courses taken more than ten years prior to the current academic year may be considered for transfer credit upon portfolio assessment. Special requests outside these time constraints may be directed to the appropriate Divisional Dean.
4. Where courses have been completed in subjects other than those specified in the ACAD degree or diploma curriculum, the Registrar's Office may award unspecified general studies credit to a maximum of 12 elective credits at the second year level or beyond.

ACAD will also consider for transfer credit International Baccalaureate courses and Advanced Placement courses provided they are completed with grades of "4" or "5" (for IB courses) and "5" or higher (for AP courses). Transfer credit for eligible studio art and design courses will be determined upon portfolio assessment.

Direct Entry / Advanced Placement

Applicants must have previous post-secondary art education to be considered for admission directly into a second or third year major program. Direct entry admission and placement will be determined through an evaluation of previous course work and level of portfolio achievement. All direct entry applicants must have at least the equivalent to ACAD's Foundation (1st year) Program, as determined by the Registrar's Office.

Athabasca University

Athabasca University (AU) is dedicated to the removal of barriers that traditionally restrict access to and success in university-level studies, and to increasing equality of educational opportunity for all adult Canadians regardless of their geographic location and prior academic credentials. AU has a general mandate from the Government of Alberta to provide university education through distance education, the provision of lecture courses in smaller centers and the use of various forms of technology to deliver educational experiences. AU is unique in nature as students may enroll in programs and register in courses year round.

Admission Requirements

AU has an open admission policy. There are no formal high school prerequisites for admission to the University. Applicants, however, must be at least 18 years of age or older. Exceptions require consideration by the Registrar.

Past performance at other educational institutions does not hinder admission to the University but may bar enrollment in the Bachelor of Commerce or the Bachelor of Nursing programs. Nonetheless, enrollment in some programs of study and/or registration in some courses may be restricted or limited because of resource restrictions, academic achievement, and/or location of residence.

A foreign national who is temporarily residing in Canada may be admitted to AU and enrolled in a program of study leading to a degree or university certificate providing the person has satisfied all enrollment restrictions which have been placed upon that program of study, and providing the person has ensured that all requirements and regulations as laid down by Employment and Immigration Canada have been fulfilled. Employment and Immigration Canada has ruled that registration at AU does not normally entitle a foreign national to be granted a student authorization or to have a student authorization extended. A foreign national who is residing outside North America shall be eligible for admission to the University providing the person has satisfied all enrolment restrictions which have been placed upon that program of study and has permission of the Registrar.

Credit-Coordination and Transfer Credit

AU is committed to: individualized distance education; credit coordination; credit transferability; the assessment of prior learning and other forms of learning accreditation. For practical purposes, this means that:

1. AU will give careful consideration to the awarding of transfer credit for university-level work undertaken at a wide variety of institutions;
2. Credit courses completed at other Alberta degree-granting institutions will be accepted as transfer credit if they are applicable to the student's AU program of study;
3. College courses that are acceptable for transfer to one or more of the Alberta degree-granting institutions will be reviewed for transfer credit if they are appropriate to

the student's AU program. A maximum of 6 credits at the preparatory-level (100) may be considered for transfer toward a first degree in the BA and BGS degree programs. Preparatory courses cannot be applied to a second undergraduate degree program, or the BN, BAdmin or BComm programs.

4. Courses with a minimum passing grade (as defined by the institution where the course was taken) will be considered for transfer credit.
5. Credit is not normally granted for field placement, professional seminars, work experience, life experiences or elementary skills except through the completion of the "Challenge for Credit" process. Prior Learning Assessment may allocate credits for these items through the Centre for Learning Accreditation.

Programs of Study

AU offers certificate, diploma and degree programs at the undergraduate level; advanced graduate diplomas and Master degree programs.

Augustana University College

Augustana University College was first authorized to grant degrees by the Government of Alberta on 28 June 1985 under provisions of the Universities Act. Augustana currently has authority to offer the following degrees:

THREE-YEAR DEGREES (with various concentrations)
BA (General)
BSc (General)

FOUR-YEAR DEGREES
BA (Special), with majors in Biology, Economics, English, History, Modern Languages, Music, Physical Education, Psychology and Sociology
BSc (Special), with majors in Biology, Physical Education and Psychology.

Augustana is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

Students may be admitted to Augustana on the basis of matriculation standing or on the basis of appropriate post-secondary studies, or as adult students. All students must demonstrate an adequate knowledge of written and spoken English as a prerequisite to admission. Applicants should consult the calendar for details concerning these requirements.

Transfer Policy

1. The basic principle of the transfer policy is that courses acceptable for credit at one or more of the 4 Alberta universities are normally transferable to Augustana, provided that they are appropriate to the student's degree program at Augustana.
2. Transfer credit will be granted for any relevant and acceptable course in which a grade of at least "4" (on the 9-point scale) or equivalent has been earned, provided that credit has not been denied by the sending institution.
3. Degree programs at Augustana arise out of the liberal arts tradition. Specialized professional courses may be included to a maximum of 12 credits in a three-year (General) program or 18 credits in a four-year (Special) program.
4. Transfer credits are limited by the residence requirement. Normally, the final 45 credits for a three-year (General) degree or the final 60 credits for a four-year (Special) degree are taken at Augustana.
5. Transfer credits may also be limited by other degree requirements, such as maximum numbers of junior courses and of repeated courses, as outlined in the calendar.

Aurora College

Aurora College delivers programs at three campuses, 13 community learning centers and other community sites in the Western Arctic.

Admission Requirements

Admission requirements for programs may vary from one program to another. Please check the detailed program sections of the College calendar for program-specific admission requirements. Applicants who do not have the academic requirements for entry may be admitted as mature students. A mature student must be 20 years of age or older, and have been out of school for at least one year. Mature applicants will be required to complete the College Placement Test.

Transfer Credits

Aurora College recognizes that learning experiences from other post-secondary educational institutions may be formally acknowledged by credit. The Office of the Registrar will coordinate all transfer credit requests and all decisions will be reviewed with the appropriate Program Head. Assessments will be done on an individual basis. All

transfer credit requests must be submitted in writing along with official transcripts, and course detail information. In some cases, additional information may be required. Any student who has completed the equivalent of a College course at another institution with a completion grade of 60% or higher may apply for transfer credit. The maximum amount of credit which may be awarded from outside the College is 40% of the total credits necessary for graduation. Exceptions may be approved by the President. Students applying for transfer credit within the Management Studies Program may not be awarded credit for course work completed 7 or more years prior to the date for which advance credit is requested.

The College has a variety of credit transfer arrangements with institutions and organizations. Additional information on transfer credits can be obtained from the Chairperson of the program or Registrar.

The Banff Centre for Continuing Education

The Banff Centre for the Arts is Canada's only multidisciplinary arts environment devoted to professional development and lifelong learning for artists. Artists can participate in a broad selection of programs geared toward individual and group transformation. Some residencies allow learning through project creation, experimentation and peer interaction, while others offer the more traditional workshop or master class environment. Artists are offered the best possible setting for professional learning a real life hands-on activity.

The Banff Centre is not a degree-granting institution nor does The Centre design its programs to specifically meet the requirements of the degree-granting institutions of Alberta. Acceptance into programs is subject to a selection process in which each artist's demonstrated ability and commitment are carefully assessed. Depending on the program, adjudication may be based on consideration of live or taped auditions, interviews, portfolios, written submissions and experience. Final acceptance to programs is at the discretion of adjudicators and faculty. In some programs, artists may be invited to attend without proceeding through the application/adjudication process. Academic achievement is not a major criterion. Artists would be unlikely to "transfer" from or to The Banff Centre, rather they are most likely to attend at some point mid-way through a career or just prior to commencing a career in the arts but after completing formal studies. Some students may attend Centre for the Arts summer programs concurrently with attendance at another institution.

The Centre for Management is acclaimed for its leadership development programs in business, government, Aboriginal, environmental, arts management, and not-for-profit sectors. Courses at the Centre for Management enable and support fundamental transformation in individuals, organizations and communities.

Bow Valley College

Bow Valley College (formerly AVC-Calgary) provides academic, vocational and general interest courses and programs, as well as custom-designed programs for specific organizations and groups. Key programs include academic foundations, career entry programs and English as a Second Language. When it came under the Colleges Act, the College's status changed from provincially administered institute to board governance effective 1 September 1997.

Admissions Regulations

The entrance requirements for all programs are in the College calendar and may include the need for specific assessments and/or transcripts. Contact the Registrar's Office for particular program requirements.

Applicants are accepted on a first-qualified, first-served basis. Prospective students are assessed on an individual basis. In the Health-related career programs, good health and a clear criminal record are also required.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Canadian University College

Canadian University College (CUC), was first authorized to grant degrees by the Government of Alberta on 5 September 1991 under provisions of the Universities Act. CUC currently has authority to offer the following degrees: three-year Bachelor of Arts and Bachelor of Science; four-year Bachelor of Arts in Behavioral Science, English, Music and Religious Studies; a 4-year Bachelor of Business Administration; and 4-year Bachelor of Science in Biology.

Union College of Lincoln, Nebraska has a Partner Campus Agreement with CUC to provide elementary- and secondary-level Bachelor of Education programs. This agreement, orginally established in 1979, operates with the approval of the Minister of Learning. Union College is accredited by NCACS and NCATE. Students seeking transfer into the Bachelor of Education program are required to have all course work reviewed by the Registrar at Union College before offical transfer credit is awarded.

Admission Requirements

Applicants to CUC must meet regular admission requirements (possess an Alberta High School Diploma or equivalent), or satisfy alternate admission requirements as published in the academic calendar.

Transfer Credit Policy

1. Advance credit may be granted for studies completed at other post-secondary institutions, provided that they are appropriate to the student's program at CUC.
2. For advance credit consideration, applicants must submit official transcripts from each college or university attended.
3. Advance credits are limited by the residence requirement of CUC.

Concordia University College of Alberta

Concordia University College of Alberta was first authorized to grant degrees by the Government of Alberta on 16 July 1987 under provisions of the Universities Act. Concordia currently has authority to offer the following degrees: 3-year Bachelor of Arts and Bachelor of Science; 4-year Bachelor of Arts in English, Psychology (applied emphasis), and Religious Studies (also applied emphasis); 4-year Bachelor of Science in Biology, Chemistry, Environmental Science and Mathematics; and a 2-year Bachelor of Education (After Degree) in Elementary Education. Concordia is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

Admission to Concordia's faculties is outlined in the current calendar. Normally, standard admission to the faculty of Arts and Science is offered to those presenting a minimum overall average of 60% on 5 appropriate Alberta 30-level subjects, or equivalent. Admission to the BEd (AD) program requires an undergraduate degree, specific course requirements, and a demonstrated ability to work with children.

Special admission may be offered to students not presenting the requirements for standard admission. Individuals aged 21 years and over, or others in special circumstances, should contact the Admissions and Financial Aid Office for information on special admission.

Transfer Policy

1. Transfer credit may be granted for studies successfully completed at other post-secondary institutions, provided that they are appropriate to the student's program at Concordia.
2. For transfer credit consideration, applicants must submit complete official transcripts of all prior post-secondary studies.
3. The minimum acceptable course grade for transfer credit to be considered is a "4" on the 9-point system, or the equivalent.
4. Transfer credits are limited by the residency requirement. At least the final 30 credits of the three-year degree must be taken at Concordia. At least 60 credits of the four-year degree must be taken at Concordia, with at least 18 of the last 30 credits being completed at Concordia.

Fairview College

Admission Regulations

Admission requirements for each program are outlined in the detailed program section of the College calendar. Admission to most College programs is on a first-qualified, first-admitted basis. For some programs, the calendar sets out a competitive admission process.

Applicants who do not possess the minimum admission requirements, are at least 18 years of age, have been out of school for at least 1 year, and have personal or work experience relevant to the intended program of study may apply for admission under adult status. Prospective applicants under adult status shall supply written details of their experience to indicate that they have adequate skills to succeed in the program of studies.

Advance Credit

Students enrolling in Fairview College programs should receive appropriate recognition for equivalent study or experience completed while in another Fairview College program, another educational institution, or other organizations including private business. Applicants are invited to apply for advance credit during the admission process. To be eligible for a credential, students will not normally be able to complete more than 50% of the program requirements by means of advance credit.

Grande Prairie Regional College

In addition to certificate and diploma programs, Grande Prairie Regional College (GPRC) was authorized in 1995 under the Colleges Act to offer the applied degree program in Applied Forest Resources Management.

Admission Regulations, General

1. High School diploma, or
2. Age of 18 years or older

NOTE: English 30, Biology 30, Chemistry 30 and Math 30 (or equivalents) are prerequisite to the core courses of this program.

Either of the above will secure admission to GPRC, but not necessarily direct entrance to the desired program. An applicant deficient in prerequisites for a specific program will be admitted to an appropriate academic development or combined program.

Transfer Credit Regulations

Advance credit may be granted for studies completed at other post-secondary institutions so far as the courses completed are suitable to the program in which the candidate is enrolling, and in keeping with the academic regulations of the instructional division/department concerned. Official transcripts must be provided by the applicant. Direct inquiries to the Registrar.

Challenge Credit

In some courses an applicant may obtain credit by successfully challenging an examination set by the department concerned. Application must be made through the Office of the Registrar.

Grant MacEwan College

Admission Regulations

Applicants to Grant MacEwan College must meet either Regular Admission Requirements (possess an Alberta high school diploma or its equivalent) or Mature Admission Requirement (be 18 years of age or over and out of school for at least 1 year). Certain programs have modified age requirements, and several require specific averages and completion of a selected range of grade XII courses. Most applicants must complete an appraisal of their writing and reading skills (for some programs, other skills as well) to ensure that they are academically prepared for MacEwan College programs. Full-time programs have enrollment quotas; selection is based on other criteria as outlined in the MacEwan College calendar.

Transfer Credit Regulations

1. Any student who at the post-secondary level has completed the equivalent of a subject offered by MacEwan may request transfer credit for that subject.
2. Transfer credit may be given for experience in a particular field.

The King's University College

The King's University College was first authorized to grant degrees by the Government of Alberta on 12 March 1987 under provisions of the Universities Act. King's currently has authority to offer the following degrees: three-year and four-year Bachelor of Arts and Bachelor of Science and 2-year Bachelor of Education (After Degree) in Elementary Education.

King's is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

King's admits students with a 60% average in 5 specified high school courses, as described in the King's calendar, or on the basis of appropriate post-secondary studies. Students from non-accredited high schools will be considered on a case-by-case basis. By means of the Mature Students Admission category, students over 21 are admitted without meeting the normal high school requirements. These students, and foreign students, may be required to write entrance tests and English proficiency tests. A student may also enroll in a single course as an unclassified student without meeting the normal entrance requirements or may enroll in courses as a visiting student with a letter of permission from another Alberta post-secondary institution. Admission to the BEd(AD) requires the applicant possess an earned bacalaureate comprising a minimum of 90 credits.

Transfer Policy

Students in good standing in their past work in a Canadian university or other post-secondary institution may apply for admission to King's. Students must submit official transcripts of their entire post-secondary experience. Omissions will result in immediate dismissal without appeal.

1. Courses offered at other recognized degree-granting institutions are normally acceptable for transfer credit, provided they are appropriate to the student's program.
2. Only courses with a grade of "5" (9 point scale) or C+ or better will be considered for transfer credit in the BA or BSc area of concentration, and only courses with a grade of "4" or C- or better will be considered for transfer credit in all other cases. Only courses with a grade of "5" or better will be conisdered for transfer credit in the BEd(AD) program.
3. Since a maximum of 18 credits of what is considered a professional nature are accepted as meeting BA or BSc graduation requirements, no more than 18 credits of such a nature will be accepted for transfer credit except in the BA in Business Administration. Courses of a professional nature must be deemed to be relevant to the King's program.
4. Transfer credit will not be granted for more than 60 credits toward BA or BSc graduation requirements and 30 credits toward BEd graduation requirements. Transfer credit may also be limited by other factors such as allowable number of junior courses and relevancy.
5. Eighteen of the last 30 credits of the degree program must be completed at King's.
6. Normally students must complete at least 50% of the courses required for their major, minor, first and second concentration at King's.
7. Students who have earned International Baccalaureate or Advanced Placement Program credits will be considered for advanced standing or college credit. They will be evaluated individually to determine what credit, if any, they should receive for their International Baccalaureate or Advanced Placement Program work.
8. Applicants may expect to transfer Bible college credits from institutions which are accredited by the Accrediting Association of Bible Colleges. Courses must be relevant to the student's program requirements at King's and may be assigned less credit than that granted by the issuing institution. Courses of a professional (e.g., missions, counseling, personal development) or restricted denominational nature will not be transferable.

Second Degree Regulations

1. Students will not be awarded a second BA degree or a second BSc degree.
2. Students will not be awarded a BA degree or a BSc degree in a major or concentration comprehended in a prior BA degree or BSc degree.
3. Graduates from King's BA programs who wish to complete a King's BSc degree, or BSc graduates from King's who wish to complete a King's BA degree must:
   a) fulfill all degree and major/concentration requirements of the new program, and

b) complete a minimum of 30 additional credits for a 3-year degree or 45 additional credits for a 4-year degree.

4. Graduates from BA programs at other recognized institutions who wish to complete a King's BSc degree, or BSc graduates from other recognized institutions who wish to complete a King's BA degree must:
   a) fulfill all degree and major/concentration requirements of the new program, and
   b) complete a minimum of 30 credits for a 3-year degree or 45 credits for a 4-year degree, including a minimum of 6 credits in theology, philosophy or history.
5. After completing a King's degree, students may complete the course work for an additional concentration or major for their existing degrees and have this noted on their transcript. They will not, however, be granted another degree.
6. Holders of 3-year degrees from King's may return to complete a 4-year degree of the same kind and in the same subject provided that:
   a) they meet all program requirements for the 4-year degree and major, and
   b) they surrender their 3-year degree upon completion of the 4-year program.

Lakeland College

Admission Requirements

Unless otherwise specified, applicants are admitted on a first-qualified, first-served basis. Specific entrance requirements are outlined in the Program section of the College calendar.

Applications for Admission should be forwarded to the Registrar's Office.

Transfer Credit

Applicants who have completed course work at another recognized post-secondary institution may be eligible for transfer credit. Official transcripts of marks should be forwarded to the Office of the Registrar for evaluation prior to enrollment in the program.

1. Transfer credit will be awarded for equivalent course work only if a final grade of at least "satisfactory" is obtained.
2. Transfer credit may not be awarded for course work completed more than seven years prior to enrollment at Lakeland College.
3. Normally transfer credit will be awarded to a maximum of 75% of the credit hours required for graduation in a particular program. Exceptions may be made in individual cases, or where program transfer agreements exist.

Challenge Examinations

Students currently enrolled at LCC and who have previous work experience or training may challenge comprehensive examinations to demonstrate knowledge equivalent to achieving a passing grade in a particular course. Challenge examinations may be part of the prior learning assessment process.

Advance Credit

Advance credit may be available to students for previous course work under the following guidelines:

1. Official transcripts must be forwarded to the Registrar prior to advance credit assessment. Advance credit awarded is contingent upon the applicant's admission and registration in a specific program.
2. Registrar's Office will complete the evaluation and notify students of the advance credit awards.
3. Credits awarded through advance credit assessment are not counted in the residency requirement at LCC.
4. Only courses in which students have earned a passing grade will be evaluated for advance credit. LCC will accept the definition of passing grade as defined by the institution issuing the grade.
5. Courses more than 7 years old will only be considered for advance credit upon the recommendation of the Program Head. In the case of Nursing, courses more than 5 years old will only be considered for advance credit upon the recommendation of the Program Head.

Maskwachees Cultural College

Maskwachees Cultural College has existed as a cultural college since 1974 and was authorized by the Maskwachees Cultural College Act in 1988 to offer certificate and diploma programs. College preparation, and technical and vocational programs are offered along with a two year university transfer program. Academic courses are taught within the context and processes of indigenous philosophy. This is described fully in the general calendar.

Admission Requirements

Specific requirements for admission to each program are outlined under the program description in the calendar.

Transfer Policy

Credits for courses completed at other institutions are granted upon presentation of official transcripts and review by the Program Head for equivalence to program requirements.

Medicine Hat College

Admission Regulations

Admission to Medicine Hat College (MHC) depends upon successfully meeting the admission requirements which differ with the various programs. Specific admission requirements are clearly outlined in the MHC calendar. Early Childhood Development, Child and Youth Care, Nursing, Rehabilitation Services, and Addictions Counselling programs may require personal interviews before final selection.

Challenge for Credit

In a limited number of courses, a student may obtain credit by successfully challenging a demanding examination, set by the department concerned. Application must be made through the Office of the Registrar.

Prior Learning and Advanced Credit Policies

1. Advanced credit may be granted for courses completed at recognized public and private universities, colleges and technical institutes. Assessments are completed on an individual basis and will depend upon the sending institution using the *Alberta Transfer Guide* as the basis of information.
2. MHC is aware that the most flexibility for granting advanced credit or prior learning credit is found within the requirements of MHC certificate and diploma programs. Since MHC awards the certificates and diplomas, it also has the authority to award advanced credit. This same authority does not apply to University Transfer programs as the authority to award advanced credit and the Bachelors degree is held by the various universities.
3. MHC will accept only those courses for advanced credit with a grade of "C-" or better provided that these courses can be directly equated to courses offered at MHC for specific MHC certificate or diploma programs. Transcripts must accompany the request. Since UofL accepts "D" (passing) grades for advanced credit transfer courses moving into the Addictions Counselling Program, in accordance with the Pan-Canadian Protocol, as a collaborating partner, MHC will also accept transfer courses with "D" grades for some courses in this program.
4. Students seeking advanced credit for prerequisite courses completed previously will be referred to the appropriate Program Coordinator or Dean to consider alternatives. Each case will be considered on an individual basis.
5. In order to receive a MHC certificate or diploma, all students should complete 40% of the course content at MHC.
6. MHC in cooperation with the Alberta Council on Admissions and Transfer is developing policies and procedures to effectively evaluate prior learning experiences which may be appropriate for MHC certificate and diploma programs.
7. At the present time, all prior learning credit or advanced credit at MHC will be limited to courses with some form of academic record or transcript. Those students with appropriate prior learning experiences but without academic records may be permitted to take challenge for credit examinations.
8. MHC is currently putting in place policies and procedures for awarding advanced credit for life and work experience that may be relevant to some of our certificate and diplomas. The evaluation of the applicability of the prior life and work experience may be done through the development of a portfolio which will provide the information required to obtain a prior learning assessment (PLA). It will be evaluated by the Office of the Registrar in conjunction with the appropriate department.
9. All advanced credit decisions must be coordinated through the Registrar's office and are based upon the policies listed above. Students should pick up an advanced credit evaluation form from the Registrar's office which must be approved and cosigned by both the Registrar and the appropriate Department Dean before final approval is granted.

Transfer Arrangements

1. MHC makes every effort to ensure the smooth transfer of students to other educational institutions. MHC is in touch with UofC, UofA, UofL and AU on a regular basis regarding course and program changes. The Universities of Regina and Saskatchewan are also contacted frequently to be sure that students from Saskatchewan can transfer from MHC to the Saskatchewan universities. For further details on the

University Transfer programs offered at MHC, please refer to the MHC calendar.
2. MHC has transfer arrangements to degree programs at universities in other jurisdictions, including the Universities of Saskatchewan and Regina.

Mount Royal College

Founded in 1910, Mount Royal College (MRC) is one of Alberta's oldest post-secondary institutons and currently offers applied degree, diploma and certificate as well as University Transfer and general education programs in a broad array of disciplines.

General Admission Regulations

All applicants seeking admission to MRC must possess an Alberta High School diploma (or equivalent) or have left high school and be 18 years of age or older by the last day of the semester to which they are applying.

Due to the range and depth of materials covered, applicants to particular programs are required to satisfy additional entrance and screening requirements. More detailed information is provided in the MRC calendar (and College website) or may be obtained from the Office of the Registrar and Director of Admissions.

All undergraduate programs at MRC have enrollment limitations, so it may not always be possible to accommodate every applicant who satisfies the minimum admission requirements.

Transfer Credit Regulations

1. Advance credit may be granted for course work completed at recognized or accredited post-secondary educational institutions. Transfer credit will be considered only for those courses which have been completed with a grade of at least "C" (or the appropriate numerical equivalent), which can be directly equated to a current course offering at MRC, and which are applicable to the particular applied degree, diploma or certificate program in which the student is enrolled.
2. The maximum period of validity for the application of any transfer credits toward a MRC diploma or certificate program is 6 years from the date of the successful completion of the appropriate course work.
3. At the point of admission, the prior learning of all students entering MRC applied degree programs is assessed for possible advanced standing or transfer credit. Applicable credit for prior learning will remain valid for the same time period (8 years) as is permitted to complete the program.
4. The amount of advance credit that may be awarded is limited by the MRC regulation on residence which specifies that at least 50% of the course work required for the award of a MRC certificate or diploma must have been completed at MRC.
5. Advanced credit will be considered only for course work which does not duplicate in content a course previously completed and which is directly applicable to the applied degree, diploma or certificate program in which the student is enrolling.
6. Applicants seeking advance credit are required to provide the Office of the Registrar with official transcripts from all post-secondary institutions attended and, as deemed necessary by the Office of the Registrar, with appropriate course descriptions, detailed course outlines, lists of textbooks used, and any other documentation needed to evaluate the course work for which transfer credit is requested. The final decision regarding transferability or equivalence of course work completed at other post-secondary institutions will be made at the discretion of the MRC Registrar, acting on the advice of the appropriate department chairperson(s).

Credit by Prior Learning Assessment

Students may be granted advanced credit for a limited number of MRC courses through the College's Prior Learning Assessment and Recognition (PLAR) process. More detailed information is provided in the MRC calendar. Application for credit by prior learning assessment must be made through the Office of the Registrar and Director of Admissions.

Nazarene University College

Nazarene University College (formerly Canadian Nazarene College), established in 1921, was authorized to grant degrees by the Government of Alberta in November 1999. NUC currently has authority to offer a 3-year Bachelor of Arts.

Admission Requirements

The admission requirement for entrance to any NUC program with regular student status is high school graduation with 5 senior matriculation-level courses including English and Mathematics or a second language, with a minimum overall average of 60% or higher on the five courses. The other 3 senior-level courses must be from lists A and B in the NUC Calendar (also on the web site).

Transfer Credit Policy

Credit earned at other recognized institutions will be evaluated for possible advanced standing when offical transcripts and other supporting documents as requested are provided. Normally courses with less than a "C" grade will not be considered for transfer credit. Courses transferred from other institutions will not enter into grade point calculations.

NorQuest College

NorQuest College (formerly AVC-Edmonton) offers a variety of academic upgrading, language training and career and skills programs designed to bridge students to employment or further study. When it came under the Colleges Act, the College's status changed from provincially administered institute to board governance effective 1 September 1997.

Admissions Regulations

The entrance requirements for all programs are in the College calendar. Generally applicants are 17 years of age or older. NorQuest offers extensive assessment services to assist in the recognition of prior learning at the secondary level. Applicants not presenting full academic admission requirements are encouraged to take advantage of this free service.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to NorQuest at the time of application.

To be eligible for transfer credit students must present courses:

a) which are equivalent to courses offered at the College,
b) which are applicable to the applicant's program,
c) in which a satisfactory grade has been attained.

North American Baptist College

North American Baptist College (NABC) is a private institution which has been affiliated with the University of Alberta since 1988. In addition to its divinity programs, NABC offers a number of liberal arts courses that transfer to the University of Alberta as part of its affiliation agreement. Many of these courses also transfer to other Alberta degree-granting institutions. For further information on program offerings please see the NABC calendar.

Admission Requirements

Applicants must possess Grade 12 graduation with a minimum overall average of 60% (blended grade) in five specific subjects as described in the NABC calendar. Applications from graduates of home-based school programs (who are not provincially examined) or other unaccredited and/or non-traditional programs, are evaluated individually, in an effort to guage the applicants' readiness for college-level studies. Non-traditional applicants who are 21 years or older and who do not meet regular admission requirements will be considered for conditional acceptance.

Transfer Policy

Applicants who have completed post-secondary studies elsewhere may apply for advanced standing at NABC. Transfer credit will be granted in accordance with the transfer policies of NABC (see NABC calendar).

Applicants who have completed course work in the International Baccalaureate or Advanced Placement programs may be eligible for advanced standing or transfer credit.

Northern Alberta Institute of Technology

NAIT serves within the context of Alberta's advanced education system to design and deliver post-secondary, non-university career training which is effective in terms of meeting student expectations and the skilled manpower requirements of business and industry, and efficient in terms of the use of resources. In addition to certificate and diploma programs, NAIT and SAIT were authorized in 1996 under the Technical Institutes Act to offer a joint applied degree program in Applied Information Systems Technology.

Transfer and Advance Credit

A student with applicable education or experience is encouraged to apply for transfer or advance credit. Credit

to be awarded will be determined by the Program Head, on the basis of these guidelines:

1. Transfer or advance credit may be obtained by submitting academic transcripts or documentation to the NAIT Registrar, with a completed NAIT Application for Admission form.
2. A student who has successfully completed year one of a Transfer Program will be accepted into year two of the corresponding NAIT program.
3. A student who has partially completed a Transfer Program may be accepted into the corresponding NAIT program as a Special Student. The sending institution should provide a written recommendation regarding the student's qualifications. The student should send NAIT the recommendation, statement of grades or transcript and a completed NAIT Application for Admission form. An interview of the applicant with the Program Head may be required prior to final acceptance.
4. A student who has completed the College Preparation program at Fairview College will be eligible for admission into NAIT programs on the same basis as NAIT Pre-Technology graduates.
5. A student who has completed the academic upgrading program at Lakeland College will be eligible for admission into NAIT programs on the same basis as NAIT Pre-Technology graduates.
6. NAIT will accept the following NorQuest College UCEP courses in lieu of the respective 30-level course: English 90, Math 90, Social Studies 90.

High School Equivalency

An applicant who has the equivalent of a high school diploma will receive credit comparable to NAIT Pre-Technology graduates. Applicants are required to submit a high school transcript along with a completed NAIT Application for Admission form. A career investigation is required for oversubscribed programs.

Quota Limitations

Entry into first year, second year, or a specific option of a NAIT program may be subject to quota limitations.

Honours Diploma, Bursaries, and Awards

Consistent with Council's principle (f) in Section VI-B of this *Transfer Guide*, transfer students will be eligible for Honours standing, bursaries, and awards under the same conditions applicable to all NAIT students, subject to NAIT Academic Policies and Procedures.

Northern Lakes College

Northern Lakes College (formerly AVC-Lesser Slave Lake) offers academic upgrading and career programs through a variety of delivery methods including on-site instruction, video conferencing and audio-graphic conferencing. By arrangements with other post-secondary institutions, the College also offers university transfer courses and other programs . When it came under the Colleges Act, the College's status changed from provincially administered institute to board governance effective 1 September 1997.

Admissions Regulations

Applicants seeking admission to the College must be at least 17 years of age. Exceptions are noted under individual program descriptions in the College calendar. In addition, each program may have specific criteria that must be met. Programs and courses that are brokered from other institutions may also have special admission requirements. Some programs have allowances for Admission as a Mature student in lieu of course requirements. Applications are prioritized on a first-qualified, first-accepted basis.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Nunavut Arctic College

Nunavut Arctic College, which has a head office in Iqaluit, delivers programs throughout Nunavut.

Admission Requirements

Full-time admission to Nunavut Arctic College is open to anyone who is 17 years of age or older. Exceptions will be considered on an individual basis. The general admission requirements for all programs are as follows:

1. Applicants must be 17 years of age or older and meet academic and other requirements specified for the program.

2. All registrations are initiated by completing a Nunavut Arctic College Application Form and submitting it to the campus the applicant wishes to attend.
3. Applicants who do not possess the academic qualifications for a program are required to complete the Nunavut Arctic College Placement Test. The results of the assessment will determine the placement of the applicant into the program of their choice or recommend a Preparatory program.
4. Following receipt of a completed application, the applicant will be advised in writing, by the Campus Director or designate, of the status of the individual's application.

Transfer Credit Regulations

Nunavut Arctic College recognizes that learning experiences from other educational institutions may be formally acknowledged by credit.

1. Any student who has completed the equivalent of a College course at another institution and attained a completion grade of 60% or equivalent may apply for Transfer Credit.
2. A student must apply to the Campus Director or designate for Transfer Credit.
3. The student is responsible for ensuring that the following information is sent to the Campus Director or designate, as required; i.e., official transcripts, course outlines and evaluation documentation.
4. The application for Transfer Credit will be reviewed by the Campus Director or designate in consultation with the appropriate program staff. The Campus Director or designate will notify the student of the decision.
5. The maximum amount of credit which may be awarded from outside Nunavut Arctic College is 40 percent of the total credits necessary for graduation. Exceptions may be approved by the President.
6. Each program must identify courses which will not be considered for Transfer Credit. Restrictions or exceptional conditions must be published in the approved Program outline and in the College calendar.

Olds College

In addition to certificate and diploma programs, in 1995 Olds College was authorized under the Colleges Act to offer applied degree programs. Olds currently offers Bachelor of Applied Horticulture Technology and (in September 2000) Bachelor of Applied Agricultural Technology and Entrepreneurship degree programs. A new Land Information Systems diploma program will begin in September 2000.

Admission Regulations

Admission requirements at Olds vary by program and are specified in the Olds calendar.

Prior Learning Assessment and Recognition

Olds College recognizes that learning is a continual process that is achieved through life and workplace experiences, or other forms of education acquired through attending an institution of one's choice.

Olds is fully supportive of developing ways and means to provide appropriate recognition of a learner's experiences or education.

There are four categories of prior learning assessment:

1. Advanced Standing - transfer credit for previous course work taken at a post-secondary institution that is equivalent to courses offered by Olds.
2. Credit by Special Assessment - Applicants who do not qualify for Advanced Standing or Advanced Placement, but who have acquired skills or knowledge relevant to the competencies of any Olds course, may request and qualify for a challenge examination.
3. Advanced Placement - Learners may be exempted from courses offered at Olds as part of their program, but must substitute other program-related courses to complete graduation requirements.
4. Learning - Experiential learning is considered to be 'uncredentialed' learning which is acquired through work experience (inclusive of employment, practicums, etc.) or life experience. The recency and length of time over which the experiential learning was achieved will be a factor during the evaluation process.

Prior learning assessment forms are provided on application to the College. An application will be sent to all registered students who are encouraged to apply for prior learning assessment prior to September.

Portage College

Portage College (formerly AVC-Lac La Biche) offers a variety of basic academic upgrading, certificate and diploma programs. The primary service area of the College is in the Lac La Biche region and extends to Athabasca in the west and to the Alberta/Saskatchewan border in the east. When it came under the Colleges Act, the College's status changed from provincially administered institute to board governance effective 1 September 1997.

Admissions Regulations

The entrance requirements for each program are outlined in the program section of the College calendar. Admission to all College programs is on a first-qualified, first-admitted basis. General admission requirements are:

a) 18 years of age or older, or
b) 17 years of age and out of school for at least 1 year, or
c) high school diploma.

Individuals who lack the required academics may be granted admission based on mature status.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Rocky Mountain College

Rocky Mountain College (RMC) is a Bible college offering degrees in divinity. It was formed in 1992 by the merger of Hillcrest Christian College and Mountain View Bible College. It serves many denominations in preparing christians for professional and lay ministry. RMC is accredited by the Accrediting Association of Bible Colleges.

Admission Requirements

Specific requirements for admission to programs are outlined under the program descriptions in the calendar.

Transfer Policy

1. Transfer credit may be granted for studies completed at other post-secondary institutions, provided they are appropriate to the student's program at RMC and grades received meet eligibility requirements.
2. Applicants must submit complete official transcripts of all prior post-secondary studies to be considered for transfer credit.
3. Transfer credits are limited by residency and specific course requirements outlined in the calendar.

Southern Alberta Institute of Technology

In addition to certificate and diploma programs, SAIT was authorized in 1995/6 under the Technical Institutes Act to offer applied degree programs in Applied Petroleum Technology and Applied Information Systems Technology.

Transfer and Advance Credit

Accepted applicants with equivalent post-secondary education or equivalent experiential learning are encouraged to apply for advance credits or placement. Advance credits and placement are determined by the Dean of the specific academic department responsible for delivery of the program. The following guidelines apply:

Advance Credit

1. Advance credit will be granted to applicants who have completed equivalent education at an Alberta post-secondary institution or other Canadian post-secondary institution, or have equivalent experiential learning.
2. The applicant must request advance credit and submit a complete transcript of marks indicating the courses taken, the hours for both theory and laboratory, and the grade attained.

3. The Prior Learning Assessment Office will evaluate the transcript and determine the credit to be granted and will advise the applicant of the credit granted. It is the applicant's responsibility to ensure that the necessary paper work is completed.
4. A student who has been accepted as a transfer student must complete 50% of the total program hours at SAIT. At least 60% of the registered hours must be selected from courses offered in the final year of the SAIT program.
5. The credit granted applies to a particular program and does not necessarily apply if the applicant changes or transfers programs.

General Admission Requirements

All applicants seeking admission to SAIT must meet the Regular Admission requirements (as outlined in the Institute calendar). Mature student (21 years of age or over and out of school for at least 1 full calendar year) admission requirements are outlined for each academic program in the Institute calendar.

Program Access

All regular SAIT academic programs have enrollment access targets, so it may not always be possible to accommodate every applicant who satisfies the minimum admission requirements.

Transfer

1. Students at Fairview College who successfully complete English 311/312, Physics 341/342, and Math 301/302 will be eligible for admission to any SAIT program which specifies the SAIT Pre-careers program as an acceptable admission requirement.
2. Students at Lakeland College who have successfully completed the Academic Upgrading program are eligible for admission on a space available basis to a SAIT program which specifies Pre-careers as an acceptable admission requirement.
3. Students at NAIT who have successfully completed the Pre-Technology program are eligible for admission on a space available basis to a SAIT program which specifies Pre-Careers as an acceptable admission requirement.

St. Mary's College

St. Mary's College was incorporated in 1986 by a private act of the Alberta Legislature. It is a liberal arts college offering university transferable courses.

St. Mary's admits students with a 60% average in 5 high school courses specified in the College calendar, with no mark below 50%. By means of the Mature Student Admission classification, candidates who have not fulfilled the normal admission requirements but who are at least 23 years of age and out of school at least 5 years may be considered for admission. These students and foreign students may be required to write entrance tests and English proficiency tests. A student may enrol in courses as a visiting student with a letter of permission from another Alberta post-secondary institution.

University of Alberta

PRINCIPLES

UofA endorses the following basic principles:

1. Student access to higher education opportunities and student mobility among Alberta's post-secondary institutions should be optimized, without compromising the integrity of UofA's programs.
2. Consonant with the concept of mobility is the basic goal of comparability in the quality of programs.
3. Although UofA is a member of the provincial higher education system, it is firmly committed to the principle that responsibility and authority for academic standards resides in autonomous institutions. This responsibility includes, amongst other things, the establishment and monitoring of program requirements; determination of academic preparation levels and admission criteria; and certification of student achievement.
4. Opportunities for student mobility are based on the recognition that, while learning experience and achievement may differ in many ways, the substance of the experience may be comparable in terms of content and rigor. Students should not be required to repeat previous learning experiences in which competency has been demonstrated. Conversely, more transfer credit than previous learning experience would warrant will not be granted.
5. UofA has the responsibility to assess the total educational preparation of each applicant. This assessment is used to determine the admissibility of applicants as well as the amount of transfer credit to be granted. It should be emphasized that a variety of qualitative factors in addition to academic prerequisites are often required as part of the admission criteria. Thus, while possession of the appropriate academic requirements may make an applicant eligible for admission to a particular program, it does NOT guarantee it. This is especially true for entrance to quota programs.

POLICIES

UofA is a limited enrollment institution and admission to all undergraduate programs is therefore on a competitive basis. Possession of all the minimum requirements does NOT guarantee admission to the University.

Admission: General

A student seeking admission to a degree or diploma program at UofA must have successfully completed the matriculation requirements (or equivalent) as specified by the Faculty offering the program. While provincial Departments of Education are the certifying agencies for the successful completion of these matriculation requirements, UofA recognizes that there are other ways in which students may meet them - for example, by taking suitable programs of study in post-secondary institutions.

UofA, while supporting the traditional role of the high schools in preparing students for university entrance, recognizes that suitable preparation for university studies is offered by other post-secondary institutions. (See UofA's calendar's admission chart - Substitution of Matriculation - level Course Requirements.)

Admission: As a Transfer Student

Specific regulations regarding this category of applicant are found in the Undergraduate Admission Section of the University calendar and are outlined below:

1. Students seeking admission to UofA who **have met** the appropriate minimum high school matriculation requirements on first admission to another post-secondary program, will be considered for admission to UofA if they: a) present an admission grade point average (APGA) of at least 5.0, and b) meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
2. Students seeking admission who **had not taken** all of the five required Grade 12 subjects on first admission to another post-secondary program will be considered for admission to UofA if they:
   a) have successfully completed, through further high school or university transfer work, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
   b) present the appropriate minimum application average on all five subjects specified for admission;
   c) meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
3. Students seeking admission who have not met the appropriate minimum application average on first admission to another post-secondary program will be considered for admission to UofA if they:
   a) have successfully completed at least 24 units of course weight transferable to UofA;
   b) present an admission grade point average (AGPA) of at least 5.0;
   c) meet all other admission criteria (ie. specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
4. In order to be considered for admission or readmission, an applicant who has been required to withdraw from any post-secondary institution must:
   a) have successfully completed, through high school or university transfer coursework, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;.
   b) subsequent to having been required to withdraw, have successfully completed at least 24 units of course weight transferable to UofA;
   c) present an admission grade point average (AGPA) of at least 5.0;
   d) meet all other admission criteria (ie. specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
5. *Calculation of the Admission Grade Point Average (AGPA)*: The AGPA will be calculated on all university transferable coursework completed in the most recent two terms of study provided they contain a minimum of 24 units of course weight. If those two terms contain less than 24 units of course weight, then all work in the next most recent term(s) will be included in the calculation until the minimum total of 24 units of course weight is reached. Fall/Winter courses are considered Winter courses in these calculations. For applicants who have attempted less than 24 units of course weight of transferable post-secondary work, the AGPA will be based on all university or university transfer credits attempted.

NOTE: Where the applicant has more than 1 passing grade for the same course at any institution, only the first passing grade will be used in calculating the grade point average(s) for admission purposes.

Transfer Credit

Transfer credit may be granted to applicants for admission who have completed one or more university-level courses at another recognized university or college. Transfer credit is used to reduce the length of the degree program. Generally, the amount of transfer credit granted depends on how applicable the previous coursework is to the particular degree program to which the student has applied. The amount of transfer credit is determined by the Faculty regulations, and is subject to the same regulations as for those transferring from one Faculty to another within the UofA.

A maximum of 2 years of transfer credit will be granted towards a UofA undergraduate degree program. This normally consists of 60 units of course weight, or its equivalent (e.g., 10 full-courses or 20 half-courses).

In addition, some faculties have placed a limit on the number of 100- and 200-level courses for which transfer credit may be granted. Prospective students should consult relevant Faculty sections of the calendar.

NOTE A: Transfer credit **will** be granted for 100-level language courses (or equivalent) that have been successfully completed, or **except where:** a 30-level (matriculation) course in the **same** language has also been successfully completed.

NOTE B: Transfer credit will be granted for each course that is transferable to UofA if the grade achieved is at least a 4.0 (or its equivalent) and the course is applicable to the specific program to which the student has applied.

Transfer from Alberta Colleges and Institutes
Some provincial post-secondary institutions have negotiated transfer agreements for transfer of credit for some of their courses and programs. These are outlined in Section III of the *Alberta Transfer Guide*. UofA will accept for credit those courses and programs listed in the *Transfer Guide* to the extent that they are relevant and applicable to the degree program to which the student wishes to enter.

The Faculty of Arts will grant credit for university transferable courses which have been formally approved for transfer credit by either The University of Calgary or The University of Lethbridge, and published in the *Alberta Transfer Guide*. Although no formal agreements currently exist between the sending institution and the UofA, the Faculty will apply credit towards a student's program to the extent that the courses apply to the degree requirements.

Transfer from Universities
Reciprocal transfer agreements have been finalized between Athabasca University and UofA for specific courses. These are listed in Section III and IV of this *Guide*. Other transfer credit from Athabasca and from other degree-granting institutions is assessed on an individual, course-by-course basis. The amount of transfer credit granted depends on how relevant and applicable the previous course work is to the particular degree program for which the student has applied.

UofA's Faculties of Extension and Agriculture, Forestry and Home Economics have established two agreements. Students who have successfully completed the specified Certificate Programs at the Faculty of Extension, UofA, will receive credit toward the Bachelor of Science in Human Ecology as follows:

1. Residential Interiors Certificate Program: three 300-level Approved Program Electives (9 ucws), three 300-level Free Electives (9 ucws), TCC 150 (3 ucws).
2. Addictions Studies Certificate Program: four 400-level Approved Program Electives (12 ucws), three 400-level Free Electives (9 ucws).

Transfer from Out-of-Province Colleges and Institutes
UofA will normally accept courses from recognized colleges and institutes in other provinces, provided that such courses are applicable to the universities in that province AND to the extent that they are applicable to the particular degree program for which the student has applied.

Advanced Placement
Advanced placement may be granted to applicants who have taken the equivalent of university courses in some other manner. This excuses them from taking the corresponding university courses, but other courses must be taken in their stead. Students who have been granted advanced placement will not have the length of their program reduced.

If applicants feel they may be eligible for either transfer credit or advanced placement, they should ensure that the application is submitted well in advance of the deadlines. UofA reserves the right to require applicants for transfer credit or advanced placement to write examinations at any level, including that of matriculation.

Credit by Special Assessment
Some Faculties have agreed to allow students to seek credit in certain specified courses without actually registering in and taking courses, if they can demonstrate an acceptable level of mastery of the course content. The procedure whereby a student seeks credit in a course by this non-traditional route is known as Credit by Special Assessment.

Faculties, in consultation with departments, will determine which, if any, of their courses may be attempted by special assessment, and the conditions that a student must satisfy in order to have an application approved. Interested students are advised to contact their Faculty.

The privilege of seeking credit in a course by special assessment is limited to students admitted to UofA. Students wishing to receive credit in courses by this means are advised to report to their Faculty office in order to be apprised of Faculty regulations and deadlines for submission of applications.

NOTE: Courses that have been successfully "challenged" at other institutions may be considered for advanced placement; however, transfer credit for such courses towards a degree cannot be guaranteed. Prospective students should consult with the relevant Faculty office.

PROCEDURES

Application Form
Students from other post-secondary institutions who wish to transfer to UofA and work towards an undergraduate degree, must complete the official Application for Admission form. There is no separate or special application form for transfer students.

Conditional Admission
Students from Alberta colleges who are applying to the Faculties of Agriculture, Forestry and Home Economics; Arts; Education; Nursing, Faculté Saint-Jean, or Science, may complete an additional form for conditional admission. The Application for Conditional Admission Form will be enclosed with the letter acknowledging receipt of a student's Application for Admission. This form of admission is conditional and allows early access to the Telephone Registration System.

Documents
Applicants must submit ONE official and current transcript of their previous education from all secondary institutions. TWO official and current transcripts are required from CEGEP institutions, International Baccalaureate and Advanced Placement programs, and all post-secondary institutions.

Deadlines
Application, document and other deadlines are extremely important for all students and should be noted carefully. Deadlines for all programs are listed in the Undergraduate Applications Deadlines for Admission and Readmission

Section of the UofA calendar. Applications and/or documents received after the deadline cannot be processed.

Acknowledgment/Evaluation
Upon receipt of the official Application for Admission form, the Registrar's Office replies with an acknowledgment letter. After all required documentation has been received, a preliminary assessment is forwarded to the Faculty Office for final evaluation and a decision.

NOTE: The Registrar's Office is not able to make unofficial evaluations of admission or transfer credit. In order to receive an indication of admissibility or transfer credit, applicants MUST submit an Application for Admission form and the appropriate documents.

Admission
Upon acceptance to UofA, students receive a detailed evaluation summary which indicates the basis of admission and all courses for which transfer credit or advanced placement has been granted.

Registration
Shortly after students receive their admission letter they will be sent a registration package consisting of the University calendar and the Registration Procedures booklet. Instructions contained in this package allow students to choose their courses using the Telephone Registration System.

University of Calgary

Admission Regulations

Prospective applicants should familiarize themselves with the Admissions requirements, as well as the Academic Regulations printed in the UofC Calendar. No students will be considered for admission or transfer credits unless the entrance requirements of UofC are satisfied. Furthermore, the academic standing of transfer applicants at their previous post-secondary institution(s) must be such that they would be allowed to proceed in a degree program at UofC. This information is provided in the UofC calendar and may be obtained from the address listed below.

EARLY ADMISSION is offered to transfer students attending an Alberta post-secondary institution. For further information, applicants should contact the Admissions Office.

All applicants must demonstrate English language proficiency for purposes of admission in one of the following ways: a) successful completion of at least three years of formal, full-time study at an English secondary or post-secondary institution in an English speaking country which the UofC recognizes as English language proficiency exempt; or b) graduation from a degree program offered by an accredited university in a country which the UofC recognizes as English language proficiency exempt; or c) a mark of 75% or better on the Alberta English 30 diploma examination or a mark of 80% in an equivalent course from other Canadian provinces; or d) minimum score of 220 on the computer-based TOEFL; or e) minimum score of 560 on the paper-based TOEFL, f) minimum score of 550 on the paper-based TOEFL, accompanied by minimum score of 5.0 on the TWE; or g) minimum score of 7.0 on the IELTS; or h) successful completion of the ELPF program at UofC.

Transfer Regulations

1. UofC undergraduate courses are numbered as follows:
   a) Courses are numbered from 200 to 500.
   b) Courses numbered 200 are considered "Junior-level" and courses numbered 300 and above are considered "Senior-level".
   c) Half courses (3 credits) are normally offered over one semester (13 weeks) and are distinguished as odd-numbered courses. Full courses (6 credits) are normally offered over two consecutive semesters (26 weeks) and are distinguished as even-numbered courses.
2. At UofC the primary means of evaluating courses for transfer credit would be the detailed examination of course content. The secondary means, if required, would be an examination of the level of instructor qualifications as follows:
   a) With regard to 200- and 300-level UofC courses, the minimum level of instructor qualification required would normally be a Master's degree with appropriate specialization.
   b) Public College and Institute of Technology courses will normally not be accepted for transfer at the 400- and 500-level.
   c) Where 400- and 500-level UofC courses are considered for transfer credit, the minimum qualification would normally be a PhD with appropriate specialization.
3. The *Alberta Transfer Guide* contains a list of courses which have been evaluated by UofC as transferable credits on the basis of present working arrangements. UofC does not necessarily consider the courses as exact equivalents to UofC courses. However, to simplify registration procedures for new students, the courses are listed as if they were directly equated. Courses transferred from other post-secondary institutions may be used as prerequisites for senior-level courses at UofC .
4. The amount of transfer credit that may be applied to the student's degree program is limited by the residence requirement of the Faculty. Most undergraduate faculties normally require that at least half the degree requirements be completed at UofC.
5. Transfer credits are awarded only to the extent that they fit the student's particular program at UofC. Courses which are not directly applicable to that program are considered extra to the student's degree.
6. When selecting courses, prospective transfer students should be aware of the limit on the number of junior-

level courses (200-level) that may be counted towards a degree program at UofC. Furthermore, courses listed with the prefix "Sr." [i.e., Sr. PSYC (3)] are normally considered to be 300-level courses at UofC.

7. Transfer students must ensure that they do not take duplicate courses, since no credit will be granted for those courses which duplicate in content a course previously completed.
8. Students attending UofC are not permitted to repeat a course more than once. Prospective transfer applicants should be aware of this regulation since courses completed a third or more times will not be accepted for transfer credit.

The University of Lethbridge

Admission

All applicants must meet the minimum admission requirements of UofL in order to gain admission and receive transfer credit. Applicants should refer to the University calendar, or consult with an Admissions Officer, for detailed information on program requirements, admission and transfer credit.

Students seeking admission to any undergraduate program or as a Visiting Student at UofL must apply for admission by completing and submitting the Application for Admission - Undergraduate Admission, by the appropriate deadline.

Transfer Policy

1. Courses acceptable for credit at one of the other Alberta degree-granting institutions are normally transferable to UofL.
2. A student transferring to UofL must have obtained a **minimum cumulative grade point average** of "2.00" on the 4-point system or equivalent; admission to certain programs is competitive and requires a higher GPA.
3. Transfer credit is awarded for transferable courses with passing grades. Transfer credit is awarded only to the extent to which it may be applied to the student's academic program.
4. Where **unspecified credit** is awarded, the student should consult with a UofL Academic Advisor regarding how the transfer credit applies to the student's program.
5. Transfer students are advised of **residence and major requirements and time limit policies** which vary according to academic program. Typically, the maximum number of courses which may be transferred for credit toward a UofL single undergraduate degree program or combined degrees program is 20. For information consult pp. 59-61 of the 2000/2001 UofL Calendar; this table may be found on the UofL website at http://home.uleth.ca/reg-adn/res_table_intro.html.
6. Holders of appropriate diplomas may be admitted into degree programs of approximately 15 to 25 courses in length, depending upon the diploma awarded. Post-Diploma single degrees at UofL are equivalent to four-year programs and post-diploma combined degrees equivalent to five-year programs. Post-diploma programs are offered leading to the BA (Agricultural Studies), BSc (Agricultural Studies), BSc (Computer Science), BSc (Environmental Science), BSC (Geography with a concentration in Geographical Information Science), BFA (Art), BFA (Dramatic Arts), BFA (Multidisciplinary), BMus, BMgt, BHSc (Addictions Counselling), BN and BFA/BEd and BMus/BEd. Applicants presenting two- or three-year college diplomas will also be considered for admission to degree programs other than post-diploma programs. These applicants are considered eligible for admission to first-degree undergraduate non-quota programs, and will receive transfer credit according to regular procedures. The college diploma presented must have sufficient academic merit and a cumulative program GPA of at least 2.50 on the UofL four-point scale.
7. Students intending to transfer into the **Faculty of Arts and Science** should note that for most programs at least half of the courses required in the major must be completed at UofL.
8. Except for applicants who already hold university degrees, all **Bachelor of Education** programs are combined degrees programs (eg., BA/BEd, etc.). Students intending to transfer to combined degrees programs, or to programs in the Faculty of Arts and Science which lead to combined degrees, should be aware of policies particular to the combined degrees, including the following:
   a) Students intending to transfer directly into any combined degrees programs which include the Bachelor of Education are advised to complete a **maximum** of 5 semester courses in Education. The 5 semester courses in Education which may be transferred include EDUC 2500, at least 1 Educational Foundation and up to 3 Education electives. Students transferring fewer than 5 Education courses will be required to complete additional courses in order to satisfy program requirements.
   b) Students in the combined BA/BEd or BSc/BEd degree programs will be required to complete at least 15 Arts and Science courses at UofL including at least ½ of the required courses in the major, to meet Arts and Science portions of these degrees (for example, Management, Nursing and Health Sciences courses will not count).
   c) Students in the BMgt/BEd program, will be required to complete at least 10 Management courses at UofL to meet Management residency requirements. These 10 courses must include 7 at the 3000/4000-level. Therefore, given program requirements, a student may transfer up to 6 Management courses, of which 4 are at the 3000/4000-level. The Faculty of

Education also requires successful completion of a keyboard proficiency requirement.

Other Faculty of Education requirements: In the BFA(Art)/BEd program, the Faculty of Education requires a portfolio submission and interview. In the BMus/BEd program, the Faculty requires an acceptable audition (including evidence of piano keyboard proficiency) and/or interview. In the BFA (Dramatic Arts)/BEd program, the Faculty requires a portfiolio submission, performance audition and interview. For any Music majors, the Faculty requires piano keyboard proficiency.

9. Students intending to transfer into **Faculty of Fine Arts** programs or combined degrees which include Fine Arts programs are advised to complete at least 5 transferable courses which count toward the General Liberal Education Requirement and are classified as social sciences or sciences. These students should also note that of the 20 courses which are transferable, a maximum of 15 in a Fine Arts major subject may be awarded credit. Post-diploma degree programs leading to the BFA (Art), BFA (Dramatic Arts), BMus and combined degrees including these programs are not based on transfer credit, but offer direct admission to Year three.

   An audition, interview or portfolio review, as appropriate, is required for admission to Post-Diploma programs in Art, Dramatic Arts and Music. All students applying for transfer of Music Studio or Practical Skills Performance courses must audition, after which unspecific Music credits may be converted to specified credit. Admission requirements for the BFA(Multimedia) include both a portfolio/audition (as appropriate) and a summary of activities related to the fine arts and knowledge of multimedia and/or computer applications. See the Academic Advisor, Faculty of Fine Arts, for more information on these requirements.
10. Programs offered by the **School of Health Sciences** include two collaborative programs. Students may apply for admission to the Bachelor of Health Sciences (Addictions Counselling) either at the University of Lethbridge or at Medicine Hat College. Students may apply for admission to the Southern Alberta Collaboration for Nursing Education Program (SACNE) four-year BN program at Lethbridge Community College. (See Section III of this Guide for more information about both programs.) All courses for which transfer is sought must be presented upon application to the School of Health Sciences at UofL.
11. Students intending to transfer into the **Faculty of Management** in BMgt, BA/BMgt, or BSc/BMgt degree programs should note that 20 courses may be transferred for credit. The number of 3000/4000-level Management courses which may be transferred for credit varies with the program and chosen major. In the BMgt program, up to 10 senior management courses may be transferred in for all majors except Accounting and BESS. For Accounting and BESS, up to 9 are permitted. In the BA/BMgt and BSc/BMgt programs, up to 5 senior Management courses may be transferred in for all majors except Human Resources. For Human Resources, up to 6 are permitted. The Post Diploma BMgt program does not provide for any transfer credit.
12. **Program requirements** normally are governed by the calendar for the year in which the student was admitted or re-admitted to UofL, while all other requirements and regulations are governed by the current calendar, for all students. A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to UofL, to the current Calendar. If a student opts for a particular Calendar, all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects. Students continuously registered in formally approved transfer programs or in transferable courses at non-university member institutions of the Alberta Council on Admissions and Transfer are normally admitted under the current Calendar. However, when admitted to UofL they may opt for any calendar from the current one to the Calendar in effect at the point of most recent admission to the Alberta college system.
13. For some groups of **courses which share similar content**, credit is awarded for only one course of the group. This applies whether the courses completed were those at UofL or their equivalents at another institution. The current UofL Calendar and the *Alberta Transfer Guide* should be consulted by the student. For example, credit shall be given for only one of any of the following groups of courses: only one of ECON 2900 or STAT 2780; only one of ENGL 1xxx or 1900; only one of MATH 1510 or 1560; only one of PSYC 2030 or SOCI 2130; only one of PHYS 1000 or 1050.
    Series courses at UofL are courses which are offered regularly but whose content varies with different offerings. Several series courses, with the same subject and number but which address different content, may all be counted towards program requirements. For example, a student may be awarded 3 semester course credits for 3 English courses which respectively address children's literature, the short story and Commonwealth literature, and all of which transfer as English 3700.

    Courses receiving transfer credit of **ENGL 1xxx (3)** will serve for program requirements and prerequisites in the same manner as **ENGL 1900**.
14. Appeals of Admissions transfer credit decisions must be made in writing within one year of the decision, to the Assistant Registrar, Admissions.
16. **Conditional Early Admission for New Transfer Applicants** — New transfer applicants who, on the basis of work already completed, are identified as qualified according to UofL admission policies, may be offered admission well in advance of regular deadlines. If studies are in progress at the time that admission is offered, the offer will be conditional on receipt, by applicable deadlines, of official documents which evidence satisfactory academic achievement. Applicants offered conditional admission on this basis will be expected, on the basis of final official documents, to meet or exceed basic admission criteria.

Official transcripts of all post-secondary work must be sent directly from the post-secondary institution attended to the

UofL Admissions Office. Further information regarding admission or transfer credit may be obtained from:

Yellowhead Tribal Council Education

Yellowhead Tribal Council Education was established to provide to its members a First Nations alternative to mainstream institutions. Its first permanent education program, the University and College Entrance Preparation Program, was initiated in the spring of 1984. YTC Education has evolved into a centre offering recognized post-secondary courses, certificates, diplomas and degrees in partnership with colleges and universities, in particular, Athabasca University, Maskwachees Cultural College, Lethbridge Community College and University of Alberta. Since 1996, YTC Education has been developing and offering its own university transferable courses. Current offerings include: Adult Basic Upgrading, UCEPP, University Transfer, the First Nations Management Program, the LCC Criminal Justice Program, and Off Campus studies. YTC Education presently issues certificates and diplomas.

Admission Requirements

Applicants must be at least 18 years of age and meet individual program admission requirements which are specificed in the YTC Education calendar.

Transfer Policy

YTC Education awards advance credits for courses completed at other post-secondary institutions equivalent to designated YTC Education program courses up to a maximum of two courses per fall and winter session, and one course per spring and/or summer session. Official transcripts of grades must be submitted to the registrar and program coordinator directly from the other post-secondary institution(s) prior to advance credit assessment. Credits awarded through advance credit assessment are not counted in YTC Education's residency requirement. Only successfully completed courses will be considered for advance credit.

III. TRANSFER AGREEMENTS BY SENDING INSTITUTION

1. INTRODUCTION

This section lists the transfer agreements between post-secondary education institutions in Alberta. It is arranged alphabetically by sending institution and may involve up to 4 transfer information components for each institution:

1. a list of programs and/or courses transferable to universities and private colleges with accredited degree programs,
2. a list of programs and/or courses transferable to Alberta College of Art & Design's BFA,
3. a list of programs and/or courses transferable to applied degree programs at colleges and technical institutes, and
4. a list of programs and/or courses transferable to certificate or diploma programs at colleges and technical institutes.

The institution identified in the column on the left of the following tables is the sending institution: those on the right are receiving institutions. Programs and courses listed under the left column are referred to by the course code and number designated by the sending institution. Programs and courses listed for each receiving institution's column represent the corresponding award of transfer credit with the names and numbers designated by the receiving institution. Where course equivalencies are listed, they are referred to by course code and number designated by the receiving institution. These course equivalents indicate to the reader that, provided the sending institution courses fit the requirements of the particular program entered, they will be accepted for transfer.

Please pay close attention to the following:

1. The *Transfer Guide* indicates the **minimum transfer credit** which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.

2. In some cases, footnotes are used to indicate provisions under which the transfer arrangements apply for specific procedures involved in transfer. **Users of the *Alberta Transfer Guide* are advised to pay close attention to the footnoted comments.**

3. Users of the *Guide* are also encouraged to **read, in conjunction with the following tables, the admission and transfer policies statements of the institution to which they are transferring.** These statements can be found in Section II of this *Guide*.

4. Within the *Transfer Guide*, credit may be indicated by specific course equivalents or by non-specific course options. Receiving institutions have adopted various ways of presenting non-specific course options which also designate the level of study. The University of Calgary indicates the level using "Jr." or "Sr." (e.g. Jr. ART). Beginning with the *1990-91 Alberta Transfer Guide*, the other degree-granting institutions indicate an unspecified course at the 100-, 200-, 300- or 400-level by indicating the discipline followed by a 1xx, 2xx, 3xx, or 4xx, respectively (e.g. ART 1xx or ART 2xx) reflecting the receiving institution's practice. In the case of The University of Lethbridge, an unspecified course number at the 1000-, 2000-, 3000-, or 4000-level is indicated by the discipline followed by a 1xxx, 2xxx, 3xxx, or 4xxx, respectively (e.g. ART 1xxx).

2. GENERAL STATEMENT OF PRINCIPLE ON INTERCOLLEGIATE TRANSFER POLICY IN ALBERTA

The following policy was adopted by the Committee of Senior Academic Officers of the Council of Presidents, Public Colleges and Technical Institutes of Alberta in March 1988 and was received by the Alberta Council on Admissions and Transfer in March 1988. The policy applies to the member institutions of the Council of Presidents.

The Alberta Council on Admissions and Transfer recognizes the growing importance of transfer activity among public colleges in Alberta and endorses the principle that the portability of educational credit among the public colleges must be optimized.

In keeping with this principle, but subject to the receiving institution's admission, continuation, and graduation requirements being satisfied, students who successfully complete the first year of a program at a public college in Alberta will normally be admitted to the second year in a similar program upon transfer to another Alberta public college. Transfer students should be accorded the same priority for registration as continuing students at the receiving institution. Sending institutions should identify for receiving institutions by December of any given year the potential number of transfer students to enable adequate planning for the accommodation of students in the system. The institution delivering the second year of studies will be responsible for granting the diploma.

Transfer prior to completion of the first year or after completion of more than the first year would be governed by current agreements and procedures.

Reciprocal program-to-program transfer agreements among the public colleges are to be negotiated and administered by the institutional Contact Persons in close consultation with the appropriate program coordinators.

A reciprocal transfer agreement is in effect for the **REHABILITATION SERVICES** Diploma program at Grande Prairie Regional College, Grant MacEwan College, Lakeland College, Lethbridge Community College, Mount Royal College and Red Deer College.

Another reciprocal transfer agreement is in effect for the **EARLY CHILDHOOD DEVELOPMENT** Diploma program at Grande Prairie Regional College, Grant MacEwan College, Keyano College, Lakeland College, Lethbridge Community College, Medicine Hat College, Mount Royal College and Red Deer College.

3. NURSING PROGRAMS

Calgary Conjoint Nursing Program (CCNP)

The Calgary Conjoint Nursing Program was implemented September 1993 as a collaborative model for nursing education sponsored by Mount Royal College (MRC) and The University of Calgary (UofC). The CCNP program is a 4-year program leading to a Bachelor of Nursing degree. The program also provides an opportunity for students to exit the program at the end of the third year to obtain a Nursing diploma awarded by MRC. The program has a single curriculum. Application occurs through UofC.

University of Alberta Collaborative Baccalaureate Nursing Program

In 1990 an off-campus BScN program was developed in collaboration with Red Deer College which allows students to complete a four-year BScN in Red Deer. In 1992 the Faculty of Nursing collaborated with hospital and college diploma programs in the Edmonton area. Each of these institutions began teaching the first two years of a collaboratively developed Baccalaureate program subsequently transferable to the University of Alberta at third year. The University of Alberta Hospitals School of Nursing also merged with the Faculty of Nursing. Since September 1995, students enrolling in the Collaborative BScN Degree Program at the UofA attend the UofA for all four years of the program or enter at year three from Grant MacEwan College.

Two additional off-campus BScN programs were also implemented in 1995 with Grande Prairie Regional College in Grande Prairie and Keyano College in Fort McMurray. These programs allow students to complete a four-year BScN program at the collaborating college, with the UofA granting the degree.

In 1997 the Faculty of Nursing pioneered the Context-Based Learning (CBL) curriculum. CBL empowers groups of students to acquire nursing knowledge by addressing reality-based health scenarios. CBL challenges students to think critically, be resourceful, and work as team members. The major difference in this curriculum compared to the traditional lecture approach is that students assume responsibility for their own learning. CBL prepares nurses for the reality of working in a variety of health care environments with a changing health care system and puts emphasis on the client as the central focus.

Southern Alberta Collaboration for Nursing Education (SACNE)

A four-year program leading to a Bachelor of Nursing is jointly offered by Lethbridge Community College (LCC) and The University of Lethbridge (UofL). Students pursuing the Baccalaureate apply to LCC; entry and program requirements are identical at both institutions. Successful candidates are taught jointly by LCC and UofL, spending three years on the College campus and the final year on the University campus. Students may opt to leave the program with a Diploma in Nursing following two years and a fall semester of successful study at the College.

Students successfully completing the four-year program graduate with a Bachelor of Nursing awarded by UofL.

Students from other post-secondary institutions may transfer up to half of the program requirements from other institutions, including up to 8 Nursing courses. All transfer arrangements must be approved prior to admission into the program. Students are allowed 7 years to complete the degree, from the first Nursing course used in the program.

For detailed information on admission, program requirements and transfer contact LCC or the Academic Advisor of the School of Health Sciences at UofL (403-329-2649). Program Planning Guides are available for this program at LCC and UofL.

Post-RN Baccalaureate Degree Program

Nursing Diploma graduates receive 2 years program credit upon admission to a university post-RN baccalaureate nursing degree program. The participating public colleges with nursing diploma programs are: **Grande Prairie Regional College, Grant MacEwan College, Keyano College, Lethbridge Community College, Medicine Hat College, Mount Royal College,** and **Red Deer College**. The participating Alberta universities are: **Athabasca University, University of Alberta, University of Calgary,** and **The University of Lethbridge**.

Beginning in fall 1999, MHC Nursing Diploma graduates can complete UofC's Post-RN degree at MHC or on the Web. By special arrangement, 1994 or later graduates can complete UofC's Post-RN degree by successfully completing 11 half course equivalents.

4. PAN-CANADIAN PROTOCOL ON THE TRANSFERABILITY OF UNIVERSITY CREDITS

Through the Council of Ministers of Education, Canada (CMEC) Pan-Canadian Protocol on the Transferability of University Credits, the universities and private university colleges of Alberta affirm that they recognize each others' courses, as well as those of other Canadian universities. Alberta's post-secondary institutions recognize the importance of student transfer and endorse the principle that the portability of educational credit must be optimized.

Students who have successfully completed one or more courses at another Canadian university, and who meet the receiving university's admission requirements, will be granted transfer credit provided the courses are applicable to the program and the grades meet the minimum acceptable standards of the receiving institution's program. Transfer credit is used to reduce the length of the degree program. Generally, the amount of transfer credit granted depends on how applicable the previous course work is to the particular degree program to which the student has applied. The amount of transfer credit is determined by Faculty regulations, and is subject to the same regulations as for those transferring from one Faculty to another within the university. Normally, a maximum of two years of transfer credit may be granted towards an undergraduate degree program.

Full text of the Protocol is found at:
www.cmec.ca/postsec/transferability.stm

5. BIOLOGICAL SCIENCES PROGRAMS

Tri-University Block Transfer Agreement for Biological Sciences[1]

A transfer student may obtain up to 2 full years credit in the Biological Sciences program at the Universities of Alberta, Calgary or Lethbridge by completing the following block requirements for one of the 3 universities. As the agreement is based on a block of knowledge, do NOT read the following chart as a table of course by course equivalents.

REQUIREMENTS	U of A	U of C	U of L
BIOLOGY: 15 credits[2]	BIOL 107, 108, 207, 208; + 1 of BOT 201, 210, MICRB 265, ZOOL 225 or 250	BIOL 231, 233, 311, 313, 331	BIOL 1010, 1020, 2000, 2200; + 1 of BIOL 3110, 3200, 3520, 3540, or 3560

Extension of Tri-University Block Transfer Agreement for Biological Sciences to Other Institutions[1]

A transfer student may obtain up to 2 full years credit in the Biological Sciences program at UofA, UofC or UofL by completing the following block requirements for one of the 3 universities. As the agreement is based on a block of knowledge, do NOT read the following chart as a table of course by course equivalents. Courses at Augustana, Concordia, Grande Prairie, Grant MacEwan, Keyano, Lakeland, Red Deer and King's are modeled after or similiar to UofA while Medicine Hat and Mount Royal courses are modeled after UofC.

BIOL (3), BIOCH (3)	Block complete	Block complete	Block complete	Block complete

[1] Successful completion of the above block of core courses along with appropriate options will allow transfer into third-year at any participating university Biological Sciences program. Admission is based upon performance. Some courses may have to be taken subsequent to transfer to enable the specifics of that particular program to be completed.

[2] 12 of the 15 biology credits must have a laboratory component. Students majoring in Botany, Cellular, Molecular & Microbial Biology or Zoology at UofC who present the equivalent of BOTA 321, 323, 327, CMMB 343, ZOOL 375 or 377 will be required to complete an additional 3 senior credit option in their major.

6. ENGINEERING PROGRAMS

University of Alberta and University of Calgary Faculties of Engineering

A transfer student may obtain credit for a full year of the Engineering program at either university by completing the following courses or their equivalent:

REQUIREMENTS	U of A	U of C
CHEMISTRY: 2 courses	CHEM 103 (3)	ENGG 201 (3)
	CHEM 105 (3)	CHEM 209 (3)

[1] UofC's ENGG 233 will be accepted in lieu of ENCMP 100 at UofA. UofA's ENCMP 100 will NOT be accepted for transfer in Engineering at UofC. An acceptable Introduction to C++ programming course is required.

[2] To receive transfer credit for UofC's ENGG 215, UofA students must present ENGG 100/101+ ENGL 199.

[3] PHYS 259 at UofC, which is required at UofC, is accepted at UofA in lieu of UofA's PHYS 230. Students transferring to Civil, Mining, Computer Process Control option in Chemical, and Petroleum Engineering programs at UofA cannot receive credit for PHYS 259.

Relation of University Transfer Engineering Programs to Faculties of Engineering

First year engineering programs are offered at 7 post-secondary institutions. The following two charts show how courses at these institutions transfer to the Faculties of Engineering at UofA and UofC.

UNIVERSITY OF ALBERTA

All admissions to the engineering programs which start in second year are competitive and are based on academic performance in first year. Students who are in good standing after completing one of these engineering transfer programs are eligible for admission to UofA's Faculty of Engineering. Students from these programs are treated in the same way as students who have completed first year engineering at UofA. Students who have carried less than 10 three-weight courses in the preceding academic year will have an adjustment applied to their admission GPA.

UNIVERSITY OF CALGARY

Admission to the Faculty of Engineering is limited and based on the grade point average (GPA) of courses that are transferable to UofC. The guaranteed admission GPA depends upon the number of spaces available in the degree program(s) to which the student has applied. Students who have met all of UofC's first year requirements will be considered for transfer into second year and directly into a degree program. To give transfer students a fair opportunity for admission to their program of first choice, a number of spaces are retained for them in each program, with the objective of admitting transfer and continuing students to each program with equivalent qualifications.

7. COLLABORATIVE BACHELOR OF HEALTH SCIENCES (ADDICTIONS COUNSELLING)

Medicine Hat College (MHC) and The University of Lethbridge (UofL) jointly offer a 4-year program leading to a Bachelor of Health Sciences (Addictions Counselling). Students pursuing the Baccalaureate may apply to MHC or to UofL. Students applying to MHC spend the first two years of the program on the MHC campus, and the third and fourth years on the UofL campus. Students applying to UofL spend all four years on the University campus. Students at MHC may opt to leave the program with a Diploma in Health Sciences (Addiction) following two years of successful study. In either case, entry and program requirements are identical and students successfully completing the four-year program graduate with a Bachelor in Health Sciences (Addictions Counselling), awarded by UofL.

Students from other post-secondary institutions may transfer up to half of the program requirements. All transfer arrangements must be approved prior to admission.

Students will be allowed 7 years to complete all requirements of the baccalaureate program, from the time of initial registration in HLSC 200/1000.

For detailed information on admission, program requirements and transfer contact either MHC, or the Academic Advisor of the School of Health Sciences at UofL (403-329-2649). Program Planning Guides are available for this program at MHC and at UofL.

8. ACCELERATED BACHELOR OF MANAGEMENT

Grant MacEwan College and the University of Lethbridge (UofL) jointly offer a program leading to a four-year (Accelerated) Bachelor of Management degree. Students may complete the BMgt in 32 months rather than the usual four years. The degree program consists of 40 courses. The first 21 courses are offered by Grant MacEwan in Edmonton. After successfully completing these 21 courses the student applies for admission to the Faculty of Management at UofL.

Admission is guaranteed for students with a cumulative grade point average of 2.50 or higher.

The BMgt degree is awarded by UofL. Students apply to this program through Grant MacEwan College.

ATHABASCA UNIVERSITY

As a service to its students who may seek to transfer to a degree program at another institution in Alberta, Athabasca is formalizing agreements with those institutions on a course-by-course basis. In addition to the courses listed below, the University offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution. For the benefit of students transferring from UofA, UofC or UofL, Athabasca will treat these agreements as reciprocal whenever a specific receiving institution course (rather than an option) is recorded below.

AUGUSTANA UNIVERSITY COLLEGE

Augustana University College offers 3- and 4-year BA and BSc degree programs. As a service to students who may seek to transfer to a degree program at another institution in Alberta, Augustana is formalizing agreements with those institutions on a course-by-course basis. In addition to the courses listed below, the College offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution.

CANADIAN UNIVERSITY COLLEGE

Canadian University College, formerly Canadian Union College, offers 3- and 4-year BA and BSc degree programs and a 4-year BBA program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, the College offers other courses as part of its degree program which ordinarily will be assessed on an individual basis by the receiving institution.

CONCORDIA UNIVERSITY COLLEGE OF ALBERTA

Concordia University College offers 3- and 4-year BA and BSc degree programs and a 2-year BEd (After Degree) Elementary program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, the College offers other courses as part of its degree program which ordinarily will be assessed on an individual basis by the receiving institution.

[1] Actual transfer credits will depend on the grades achieved and the major selected in the BSc Agriculture, BSc Agricultural Food Business Management or BSc Environmental and Conservation Sciences degree program.

[2] Students in Agricultural Technology and in Turfgrass Management are strongly advised to include BI 130, CH 130 and MA 130 as electives in their program. Open to graduates who have achieved a GPA of 2.5 or higher (on a 4.0 scale).

[3] If a course in the diploma is in the Guide as being equivalent to an AU course, the student cannot register in the equivalent AU course. The student must replace the course with a senior-level (300 or 400) AU course in the same discipline (eg. admin studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[4] Not for credit towards Bachelor of Commerce degree.

THE KING'S UNIVERSITY COLLEGE

The King's University College offers 3- and 4-year BA and BSc degree programs and a 2-year BEd (After Degree) Elementary program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, the College offers other courses as part of its degree program which ordinarily will be assessed on an individual basis by the receiving institution.

[1] Admission through normal admission qualifications, or minimal GPA of at least 2.75, or admission with "Incomplete" status, and Biology 30 (or equivalent) required for Environmental Studies.

[2] To receive credit, graduates of these programs must have a minimum GPA of 2.7 on a 4-point scale. Transfer credit will be granted from the 200- and 300-level courses and will be determined by the Dean in consultation with the student's program advisor.

[3] Open to graduates who have achieved a GPA of 2.5 or higher (on a 4.0 point scale).

[4] If a course in the diploma is in the Guide as being equivalent to an AU course, the student cannot register in the equivalent AU course. The student must replace the course with a senior-level (300 or 400) AU course in the same discipline (eg. admin studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[5] Units are: EDFX 200 (3), EDPY 200 (3), Non-Educ 2xx (3), Non-Educ 1xx (6), Soc Sci 1xx (3) [Element III], Fine Arts 1xx (3) [Element V], PEDS 2xx (3) [Element VI].

[6] Graduates of LC's diploma are considered to have met preprofessional study requirements for Occupational Therapy when they present LC's BA 119, ENG 101, PSY 223, plus an additional lab science (6) in conjunction with the remaining Rehabilitation Services Diploma curriculum.

[7] Not for credit towards a BComm degree program at UofC.

[8] Student will receive credit for only 1 of LC's BI 225 and 450.

[9] BIO 107/108 accepted in lieu of BIOL 231/233 at UofC.

[10] Student will not also receive credit in BIOL 313 at UofC. BIOL 208 will be considered to fulfill the requirements for BIOL 313 only if it is presented in the context of the Biological Sciences Block Transfer Agreement.

[11] Student will not also receive credit for CHEM 201 or 203 at UofC.

[12] Student will not also receive credit for CHEM 350/351 at TKUC.

[13] Not acceptable for credit towards major or minor in Computer Science.

[14] Student will receive credit for only 1 of Lakeland's CMP 101, 114 or 115.

15 Students subsequently enrolling in AU's CMIS 302 must take Spreadsheets II, Word Processing II, and Computerized Accounting modules.
16 Student will not also receive credit for GEO 230 at AUC.
17 Student will not receive credit for both LC's EC 111 and ECO 101.
18 Student will not also receive credit for LC's EC 211 and ECO 102.
19 May be credited as an Arts option or as a course in Economics or Human Geography.
20 Students transferring into the BEd program must also complete an in-classroom observation practicum to meet NCATE requirements and to receive transfer credit.
21 Is not applicable for credit toward a major, concentration, or minor in Psychology.
22 Student will not also receive credit for ENGL 389 at TKUC.
23 Student will not also receive credit for HTST 359/361 at UofC.
24 Student will not also receive credit for HTST 339/341 at UofC.
25 Credit will be allowed for only 1 of LC's MA 201 or STA 151, whichever is appropriate to the degree program.
26 Not for credit in the Faculty of Science.
27 Not a prerequisite for subsequent Math courses.
28 Student will not also receive credit for PHED 264 at TKUC.
29 Student will not also receive credit for PHED 263 at TKUC.
30 Student will not also receive credit for POLI 309 at AU.
31 Student will not also receive credit for PSYC 205 at UofC.
32 Student will not also receive credit for PSYC 228 at AU.
33 Credit will be allowed for only 1 of LC's PSY 241 or SOC 241.
34 Not applicable toward the core requirement in Canadian Studies at AUC.

[1] Students completing the Advanced Studies in Mental Health Program within five years of applying to UofA will receive credit for NURS 494/495. If the full complement of courses in ASMH is not completed, credit to a maximum of 6 units of course weight in Nursing may be granted.

[2] Graduates of this certificate will receive a block of 9 credits as follows: NURS 3xx (3), PSYC 3xx (3), SOSC 3xx (3).

[3] Students will not be allowed to register in MATH 265, PHYS 274, PHYS 200 or PHYS 201 at AU. Students will have to replace these courses with junior or senior level science courses.

[4] If a course in the diploma is in the Guide as being equivalent to an AU course, the student cannot register in the equivalent AU course. The student must replace the course with a senior-level (300 or 400) AU course in the same discipline (eg. admin studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[5] Graduates of this diploma will receive towards the BSc-CIS 33 credits as follows: ADMN 232, CMIS 351, 3xx, COMP 200, 268, 272, 305, 314, 361, 378, and 389. In addition, 27 credits will be awarded to those who include the following courses in their diploma program: ADMN 1276, COMP 1314, 1317, MATH 1224, transferable administration option (3), elective (3), and arts and science option (3). Towards the BSc (Post Diploma): 60 credits.

[6] Units are: EDFX 200 (3), EDPY 200 (3), Non-Educ 2xx (3), Non-Educ 1xx (6), Soc Sci 1xx (3) [Element III], Fine Arts 1xx (3) [Element V], PEDS 2xx (3) [Element VI].

[7] Graduates of this certificate will receive a block of 9 credits as follows: SOSC 3xx (6), NURS 3xx (3).

[8] Graduates of this certificate (Neonatal, Perinatal of Child Health Streams) will receive 3 credits (NURS 3xx). Graduates of the "Certificate of Achievement" will receive 6 credits (NURS 3xx and SCIE 3xx).

[9] See general statement regarding Nursing Programs at the beginning of Section III.

TET 140/350	E E 280 (3)					Option 2xx (3)	Option 3xx (3)	

1 Graduates with diploma GPA's equivalent to 3.00 or higher on UofL's 4-point scale will be admitted to the Post-Diploma BMgmt, and graduates with GPA's above the admission GPA cut-off but less than 3.00 will be admitted to the Qualifying Program.

2 Graduates of this program will receive 60 credits towards BSc-Human Science (Post Diploma) or BSc (Post Diploma).

3 Graduates of this program will be awarded a block of 21 credits toward a BA (General) or BSc (General) degree, or a block of 27 credits toward a BA (Special) or BSc (Special) degree.

4 Students who have successfully completed a two-year science diploma at NAIT will be admitted by the Faculty of Science and granted up to 1 year's credit toward a related BSc degree program.

5 Graduates of this diploma will receive 54 credits towards the BSc as follows: BIOL 204/205/206, BIOL 2xx (9), CHEM 2xx (6), CMIS 3xx (3), MATH 215, GEOG 3xx (6), CHEM 3xx (15), SCIE 3xx (3). On BSc (Post Diploma): a block of 60 credits. On BSc-CIS: a block of 36 credits as follows: BIOL 204/205/206, BIOL 2xx (9), CHEM 2xx (3), MATH 215, CHEM 4xx (3), CMIS 3xx (3), BIOL 3xx (3), CHEM 3xx (3).

6 Graduates of this diploma will receive 54 credits towards the BSc as follows: SCIE 3xx (9), BIOL 204/205/206, BIOL 2xx (9), BIOL 3xx (3), CHEM 2xx (6), CHEM 3xx (6), CHEM 401, CMIS 3xx, MATH 215, SCIE 495. On BSc Post-Diploma: a block of 60 credits. On BSc-CIS, 36 credits as follows: BIOL 204/205/206, BIOL 2xx (9), CHEM 2xx (3), CHEM 4xx (3), MATH 215, CMIS 3xx (3), APSC 3xx (3), SCIE 495.

7 Faculty of Business: Approximately one full year may be credited toward a BCom.

8 If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300's or 400's) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

9 Graduates of this NAIT diploma will be awarded a block of credit depending on AU program entered. On BAdmin: up to 18 credits depending on concentration. On BA: up to 60 credits depending on major. On BComm: 39 credits. On BGS: up to 60 credits depending on designation. On BSc: 51 credits. On BSc Post Diploma: 60 credits. On BSc in CIS: 54 credits.

10 Graduates of this diploma will receive 45 credits towards BSc-CIS as follows: CMIS 3xx (3), 351, COMP 200, 268, 272, 305, 314, 346, 361, 378, 389, COMP 2xx (9), and COMP 3xx (3). Towards BSc (Post Diploma): 60 credits.

11 Graduates of this diploma will receive a block of 39 credits towards the BSc-Human Science major as follows: APSC 2xx (6), BIOL 230 (6), SCIE 326 (3), SCIE 3xx (9), APSC 3xx (15). Towards the BSc-Human Services (Post Diploma): a block of 60 credits.

12 Graduates of this NAIT diploma will be awarded a block of credit depending on AU program entered. On BAdmin, Organization concentration: 15 credits. On BA: up to 39 credits depending on major. On BComm: 12 credits. On BGS: 39 credits. On BSc: 21 credits. On BSc in CIS: 36 credits. On BSc-Human Science (Post Diploma): 60 credits.

13 The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30, and Mathematics 30 and 31) or equivalent and have a minimum cumulative diploma average of 73%. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma. Transfer credit is on a course by course basis and requires a minimum course grade of 75%. The listing of courses eligible for transfer credit is not complete.

14 The Faculty of Engineering will grant the appropriate advance standing to graduates of programs of technology provided that:
i. the applicant is admissible to the Faculty of Engineering;
ii. the applicant has an Honours Diploma.

15 Credit only in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.

16 Subject exemption based on individual assessment is available for graduates of Geomatics Technology who do not have Honours standing.

17 Graduates of this diploma will receive a block of 48 credits towards the BSc-Human Science major as follows: APSC 2xx (6), BIOL 230, CHEM 217/218, BIOL 325, CHEM 301, SCIE 326, APSC 3xx (15), SCIE 3xx (6). Towards the BSc-Human Science (Post Diploma): 60 credits.

18 Graduates of this diploma will receive a block of 42 credits towards the BSc-Human Science major. Towards the BSc-Human Science (Post Diploma): 60 credits.

19 Registered Respiratory Therapists with current and valid provincial registration with a Society of Respiratory Therapists will be awarded a block of credit depending on the AU program entered. On BAdmin, Organization concentration: 15 credits. On BComm: 6 credits. On BA: up to 21 credits depending on major. On BGS: 21 credits. On BSc 15 credits. On BSc in CIS: 18 credits. On BSc-Human Science (Post Diploma): 60 credits.

20 Credit only in Textiles, Clothing and Culture program at UofA.

21 Student will not also receive credit for MAT 110 or STA 211 at AUC.

22 Student will not also receive credit for PHY 108 or 250 at AUC.

23 Students will not also receive credit for GEOG 2730 at UofL.

24 Minimum average of 70% with no mark below 60%.

25 Minimum mark of 70% on NAIT course.

26 Students will not also receive credit for STAT 1770 at UofL.

27 Minimum mark of 65% required.

28 Not available for credit towards the Bachelor of Commerce degree.

29 Student will receive credit for only 1 of BUS 191 and 292.

30 Student will not also receive credit for FNCE 370 at AU.

31 Student will not also receive credit for BUSI 370 at TKUC.

32 Credit only in Faculty of Business programs.

33 Students subsequently enrolling in AU's CMIS 302 must take Word Processing II, Spreadsheets II, and Computerized Accounting modules.

34 Not for credit towards the BAdmin or BComm degrees or University Certificates in Advanced Accounting or Administration. Students enrolling in one of these degree or certificate programs must complete AU's ADMN 404.

35 A minimum grade of 75%, or a "B", is required for transfer credit to be awarded.

36 Credit for CIV E 265 or MEC E 265 (3).

37 Credit only in Faculty of Engineering programs.

38 Does not count toward CSC concentration or minor. Student will not also receive credit for CSC 120 at AUC.

39 Does not count toward CSC concentration or minor. Student will not also receive credit for CSC 200 at AUC.

40 Student will not also receive credit for CSC 330 at AUC.

41 Student will not also receive credit for CSC 230 at AUC.

42 Student is given the option to challenge examination in D HYG 240 at UofA.

43 Fulfills program requirement of ORG A 301 in BSc Agricultural Food Business Management program (Food Service Business Management major) at UofA.

44 12 units of course weight in Agricultural or Free Electives in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.

[45] 15 units of course weight in Agricultural or Free Electives in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.
[46] Fulfills program requirement for NU FS 461 in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.
[47] Fulfills program requirement for NU FS 100 in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.
[48] Student will not also receive credit for SCIE 326 at AU.

[1] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300's or 400's) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[2] Graduates of this diploma will receive towards the BSc-Human Science major a block of 21 credits as follows: APSC 2xx (6), BIOL 230, SCIE 326, SCIE 3xx (6). Towards the BSc-Human Science (Post Diploma): 60 credits.

[3] The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30 and Mathematics 30 and 31) or equivalent and have a minimum cumulative diploma average of 2.9 from SAIT. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma. Transfer credit is on a course by course basis and requires a minimum course grade of 3.0 from SAIT. The listing of courses eligible for transfer credit is not complete.

[4] Graduates of this diploma will receive a block of 42 credits towards the BSc (Human Science) as follows: BIOL 204, 205, 206, COMP 200, HLTH 200, NUTR 330, APST 3xx (9), NUTR 405, NUTR 3xx (3), SCIE 3xx (9). Towards BSc-Human Science (Post Diploma): a block of 60 credits; towards the BAdmin (Post Diploma): 45 credits.

[5] Graduates of this diploma will receive towards the BSc-Human Science major a block of 57 credits as follows: SCIE 2xx (6), SCIE 3xx (21), BIOL 204, 205, 206, 230, 325, CHEM 217, 218, COMP 200, HLTH 200. Towards the BSc-Human Science (Post Diploma): 60 credits.

[6] Graduates of this diploma will receive towards the BSc-Human Science major a block of 45 credits as follows: BIOL 230, CHEM 217, 218, COMP 200, HLTH 200, SCIE 2xx (6), SCIE 3xx (21). Towards the BSc-Human Science (Post Diploma): 60 credits.

[7] Not accepted for credit toward BComm program at UofC.

[8] Students presenting both SAIT's ACCT 391 and 463 may not receive credit for ACCT 454 from AU.

[9] Students subsequently enrolling in AU's CMIS 302 must take the Word Processing II, Spreadsheets II and Database Management I modules.

[10] A minimum grade of 75%, or a "B", is required for transfer credit to be awarded.

[11] Students subsequently enrolling in AU's CMIS 302 must take Word Processing II, Spreadsheets I & II, and Database Management II.

[12] Not applicable to Administration/Commerce programs.

[13] Student will not also receive credit for PSY 211, SOC 210, or MAT 151, 247 at CUCA.

[14] Student will not also receive credit for CSC 120 at AUC.

[15] Student will not also receive credit for CSC 230 at AUC.

[16] Student will not also receive credit for STAT 220 at AU.

[17] Challenge credit opportunity available to SAIT graduates.

Appendix A: ADVANCED PLACEMENT PROGRAM

The Advanced Placement program was developed and is sponsored by the College Entrance Examination Board, New York, New York. The Advanced Placement (AP) program provides course materials and examinations on introductory courses. Some high schools in Alberta offer some courses in the Advanced Placement program. Students who have successfully completed examinations in the program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More information is available from the Office of the Registrar at each institution.

Upon admission to UofA and UofC, all AP students will automatically receive advance standing (credit or placement) in approved courses where they have achieved AP grades of "4" or "5". At UofA, credit or placement granted is determined by the policy in effect for the session to which the student applies, NOT the date when the AP course was taken. At UofL and ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "4" or "5", or of taking the UofL or ACAD course. Where specified credit is not indicated, students with AP credits will be evaluated individually. At all receiving institutions, at least one official AP transcript is required. Advance credit arrangements are in effect at the universities and private colleges with accredited degree programs listed in the following table.

[1] Subject to a portfolio review.

[2] Students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also challenge a junior or senior course for credit via the Credit by Special Assessment route, if they have appropriate qualifications and are eligible within the regulations.

[3] Credit only in Faculty of Engineering programs.

[4] Grade of "3" or better.

[5] Students who successfully complete a challenge exam may receive credit for CPSC 231 in lieu of CPSC 215.

[6] Students who successfully complete a challenge exam may receive credit for CPSC 233 in lieu of the half Jr. CPSC.

[7] ENGL 199 (3) for Engineering students only.

[8] Students may receive credit for only one of ENGL 1xxx and 1900 at UofL.

Appendix B: INTERNATIONAL BACCALAUREATE

The International Baccalaureate Program was developed and sponsored by the International Baccalaureate Office, a Swiss Foundation with headquarters in Geneva. This office is represented in Canada and the United States by the International Baccalaureate North America Office, a non-profit corporation headquartered in New York City. Some high schools in Alberta offer part or all of the International Baccalaureate Program. Students who have completed part or all of the Program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More detailed information is available from the Office of the Registrar at each institution.

Advance standing (Credit or Placement) in the following approved courses is automatically awarded for IB grade of "6" or "7" only at UofA, and "5" or higher (maybe higher for some Faculties) at UofC and TKUC. At ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "5" or higher, or of taking the ACAD course. Official transcripts from the IBNA office are required. At UofA, credit or placement is determined by the policy in effect for the session to which the student applies, NOT the date when the IB course was taken. At AU and AUC, the minimum acceptable IB grade is "4" to receive advance credit. Advance credit arrangements are in effect at the degree-granting institutions listed in the following table.

[7] Credit for MATH 1560 will be awarded if grade of "5" is presented. Credit for MATH 1560/2560 with grade of "6" or "7".

[8] Audition/placement tests required. Students may be given advanced placement and permitted to take selected Music courses by "Special Assessment".

[9] Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Division of Music.

[10] A grade of "4" or higher is required.

[11] Must obtain a combined score of "0" or better on the Extended Essay and Theory of Knowledge.

IV. RECIPROCAL TRANSFER AGREEMENTS BETWEEN UNIVERSITIES

The following reciprocal agreements have been negotiated between universities noted below. The institutions will accept the courses in lieu of their own specific courses as listed below. These agreements represent only those courses which have been reviewed. Others may be assessed for transfer credit on an individual basis. Students are advised to contact the Registrar's Office at either university for more information and to refer to Section II of this *Transfer Guide* for other pertinent admission and transfer information.

For more information on how Athabasca University courses transfer among degree programs in Alberta, refer to that institution's Section III entry in this *Transfer Guide*.

V. TRANSFER ARRANGEMENTS WITH OTHER ORGANIZATIONS

The following organizations have transfer arrangements with Alberta post-secondary institutions. The information on the courses covered by these arrangements is presented for publication by the respective receiving institution.

Edmonton School of Ballet

The King's University College agrees to accept for 12 credits per year the work completed in the annual segments of the dance programs offered by the Edmonton School of Ballet, provided the student is enrolled in a degree program at the College, and provided the student has received a "pass" or higher on the student's international exam for the annual segment, administered by the Imperial Society of Teachers of Dancing, Cecchetti Society. To be creditable, a student's work must be Contemporary Dance Programs, or at the Intermediate Level or higher of the Classical Dance Program, and it must have been carried out after high school graduation. Up to a total of 36 credits (for three annual segments) will be applied to a student's degree program as electives and as meeting fine arts and physical education breadth requirements. Credits will be assigned as indicated in the "Off-campus Programs" in the College calendar.

Nechi Training, Research and Health Promotions Institute

Students who have completed the Community Addictions Training Certificate and the Advanced Counsellor Training Certificate after 1987 with Nechi Institute will receive fifteen (15) credits towards the Native Addiction Worker Certificate Program at Keyano College. Students must provide copies of their certificates along with an official transcript from Nechi.

Students who have completed the Community Addictions Training (CAT) series with Nechi Institute will receive advanced credit towards the Community Health Representative professional development certificate at Portage College.

Transport Canada

Students who have successfully completed the Private Pilot and Commercial Ground School at any Transport Canada approved Flight School, and have passed the corresponding Transport Canada examinations, will receive EAS 1xx (3) at the University of Alberta and GEOG 2xx (3) at The King's University College. Students must present a letter issued from Transport Canada indicating total score and divisional mark. An authorized person at each flight training facility must identify the student's name and hours attended while enrolled in the Ground School as per student's Pilot Training Record.

VI. COUNCIL PRINCIPLES, POLICIES AND PROCEDURES

A. CONTEXT

1. Role and Composition

The role of the Alberta Council on Admissions and Transfer is to be a catalyst for change and an advocate for learners in the areas of post-secondary admission and transfer. To carry out its role Council provides leadership and direction in the improvement of educational opportunities for Alberta students through inter-institutional transfer. This requires a commitment to improving communication among Alberta post-secondary institutions, and thus to promote the advantages of a system of education, with all that this means for educational planning for the benefit of learners.

In the fulfillment of its role, Council is engaged in the following activities:

(a) leadership — including the development and formulation of policies and procedures whereby transfer credit for courses and programs may be negotiated.

(b) communication — Council is commited to improving communication on matters regarding admissions and transfer.

(c) publication — primarily the production and distribution of a yearly *Transfer Guide* listing all transfer credit arrangements for courses and programs within the Alberta post-secondary system, together with statements of relevant policies and procedures. The Council Office also produces periodic New Transfer Agreements reports, a *Handbook for Contact Persons*, the yearly Transfer Patterns tables, and an *Annual Report*.

(d) mediation — as requested by institutions within the system, to resolve complaints or disputes concerning transfer arrangements and credits, and thus to ensure that the best interests of students are served.

(e) applied research — on matters related to the transfer of students throughout the system.

The 14 member Council which is appointed by the Minister of Learning is an independent body which reports annually to the Minister. Council membership includes the Chair, 2 members of the public, 2 student members, 3 members nominated by the Universities Co-ordinating Council, 4 members nominated by the Council of College and Technical Institute Presidents, 1 member nominated by the Private Colleges Co-ordinating Council, and 1 secondary system member from Alberta Learning. Professional support, including service of an Executive Officer, is supplied by Alberta Learning.

The Alberta Council on Admissions and Transfer usually meets 4 times a year, generally at institutions.

2. Overview of the Post-secondary System

The Council's activities are directed primarily towards the Alberta post-secondary system, which includes 4 universities, The Banff Centre, 15 public colleges, 2 institutes of technology, and 5 private university colleges, and other private colleges. There are, in addition, a number of private non-affiliated institutions, some of which may offer courses which have transfer potential. Although the Council's mandate is directed towards the Alberta post-secondary system, the Council is sensitive to student transferability involving institutions outside of the province. For this reason the *Alberta Transfer Guide* is distributed across Canada as well as the United States.

3. Types of Transfer

Within the system of post-secondary institutions, transfer of credit for courses or programs may occur among institutions within a sector (for example, between public colleges) or among institutions of different types (for example, from a vocational college to a college). Transfer arrangements published in the *Alberta Transfer Guide* include courses and programs transferable to universities and private university colleges and those transferable to colleges and technical institutes.

4. Definition of Terms

In dealing with matters relating to transfer, there are several commonly used terms which may require clarification. Some of the more important are:

Accessibility: the degree of openness of institutions to students seeking admission to their program. (See Principle "d".)

Advance credit: the award of credit in given courses or programs on the basis of formal and informal learning experiences including: 1) work experience, 2) maturity/life experience, 3) unstructured educational experiences such as self-study, 4) structured educational activity. (See Transfer credit.)

Affiliation: a formal agreement of association or co-operation between two institutions whereby some courses and programs offered by the sending institution are substantially the same as those offered by the receiving institution. Transfer credit is thereby awarded.

Receiving institution: an institution to which students transfer course or program credits acquired at another institution. (See Sending institution.)

Reciprocal bilateral transfer agreement: a transfer agreement that has been negotiated between two institutions whereby Institution A agrees to accept the course (or cluster of courses) taken at Institution B in lieu of its own course (or cluster of courses) and reciprocally, Institution B agrees to accept the course (or cluster of courses) taken at Institution A in lieu of its own course (or cluster of courses). Therefore, reciprocal bilateral agreements are always two-way agreements. (See Unidirectional bilateral transfer agreements.)

Selection criteria: categories of qualification, capabilities, or experience (academic or other) which provide the basis for screening and admission (or rejection) of students to programs.

Sending institution: an institution from which students may transfer course or program credits to programs at another institution. (See Receiving institution.)

Transfer: the mobility of students among post-secondary institutions on the basis of their having transfer credit. (See Transfer credit.)

Transfer courses: courses delivered by a sending institution as courses which correspond in description to courses of a particular institution.

Transfer credit: an advance credit awarded on the basis of successful completion of structured educational activities at a post-secondary institution. (See Advance credit.)

Transferable courses: courses developed by an institution to meet its own program objectives but which have transfer potential. Transfer may be negotiated either on the basis of equivalence or of relevance to programs or courses at another institution.

Unidirectional bilateral transfer agreement: a transfer agreement negotiated between a sending institution and a receiving institution which is primarily intended to be one-way. In practice, advance credit for courses involved in an agreement usually will be awarded at either institution, particularly when the agreement involves courses that are part of a university transfer program. However, in some cases credit will not be awarded in the opposite direction; for example, Institution A may agree to accept Institution B's cluster of transferable courses in lieu of one of its own courses and have the agreement entered in the *Transfer Guide*. However, it might not be appropriate for Institution B conversely to award transfer credits for the cluster of courses if a student with the one course from Institution A presented it for advanced credit assessment. (See Reciprocal bilateral transfer agreement.)

Virtual equivalence: See Principle "b".

B. PRINCIPLES

The Council endorses the following as basic to its purpose and activities:

(a) **Student access to higher education and the opportunity for student mobility among institutions of higher education in Alberta shall be optimized.**

Barriers to student mobility shall be minimized. The integrity of educational programs and certification must, however, be maintained. A student should not be required to repeat previous learning experiences in which competence has been demonstrated nor should more transfer credit be granted than previous learning experiences would warrant for successful completion of the program.

(b) **Negotiation of opportunities for student mobility shall be based on the recognition that while learning experiences may differ in a variety of ways, their substance may be virtually equivalent in terms of content and rigour.**

Insofar as possible, transfer arrangements should allow for maximum recognition of previous learning experiences. The concept of **virtual equivalence** is vital to such arrangements.

(c) **Effective academic advising and career counselling and optimum mobility require that the student have prior knowledge of at least the minimum transfer credit which can be awarded.**

The *Alberta Transfer Guide* indicates the minimum transfer credit which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.

(d) **Although responsibility for higher education is shared among various constituents, individual institutions have the primary responsibility for instructional programs. This responsibility includes program design and delivery, determination of academic prerequisites and student admission criteria, and certification of the academic achievement of students.**

In respect of student access to institutions and programs, it is to be emphasized that factors in addition to academic prerequisites often are employed as admission criteria. That is, while possession of academic prerequisites makes an applicant eligible for admission, it does not **guarantee** admission to an institution or to a particular program.

(e) **Institutions have the responsibility and the prerogative to investigate the total educational preparation of applicants seeking admission.**

Such investigation is intended to determine admissibility and appropriate transfer credit, and to counsel applicants. The relevance and quality of the applicant's most recent educational experiences should be the basis for admissibility and for transfer decisions unless such consideration would unfairly disadvantage the applicant. Differences in earlier preparation should not adversely affect consideration of the applicant. (See Principle "b" re **virtual equivalence**.)

(f) **After students are granted admission to an institution under a transfer arrangement, they shall be granted the same rights and privileges as students who began their studies at the institution.**

C. A POLICY FOR ADMISSION AND TRANSFER OF CREDIT AMONG ALBERTA POST-SECONDARY INSTITUTIONS

1. Admission

Admission to a course or program will be granted to any applicant who has fulfilled the admission requirements for such course or program as established by the receiving institution. Where selection procedures are involved in admission to a program, each applicant shall be treated on the same basis as any other person seeking admission to that program.

In the case of students transferring from public colleges and technical institutes to degree-granting institutions, in

lieu of the general admission requirement listed above, admission will be granted to any applicant who, upon successful completion of at least a full year's study at the sending institution, is recommended in writing by that institution as having satisfied the **appropriate** matriculation requirements or their equivalent. This is referred to as the Letter of Recommendation admissions category.

2. Transfer of credits

Subject to the above requirements there shall be two major transfer arrangements:

(a) Transferable courses and programs:

These are developed by a sending institution to meet its own program and objectives, and bear its own numbers and descriptions. Transfer may be negotiated either on the basis of equivalence, or of relevance. The principle of **equivalence** refers to courses and programs of the sending institution which are identical or similar to those of the receiving institution. The principle of **relevance** refers to courses of the sending institution which are in the same areas or disciplines and at the levels of programs offered by the receiving institution, and are therefore appropriate for credit at the receiving institution.

Credits awarded in this category may involve special inter-institutional arrangements or individual assessment.

(b) Transfer courses and programs:

These are delivered by a sending institution as courses and programs which correspond in description to those of the receiving institution.

Among universities, transfer has normally been assessed on an individual basis by the receiving institution. Formally approved reciprocal transfer agreements are listed in Section IV of the *Alberta Transfer Guide*.

D. PROCEDURES FOR TRANSFER OF CREDIT AMONG ALBERTA POST-SECONDARY INSTITUTIONS

To facilitate the negotiation of transfer arrangements among post-secondary institutions, the Council has established the following set of procedures.

Objective

These procedures are designed to provide a mechanism for the negotiation of transfer and transferable courses and programs, and for their inclusion in the *Alberta Transfer Guide*.

Categories

Courses and programs proposed for transfer credit are of two main types, each of which involves a different relationship between the sending and receiving institution.

1. **Transferable Courses/Courses with Transfer Potential**

   In negotiations of transfer credit for transferable courses, the sending institution shall supply the receiving institution with the following information: (a) course description, title, grading practices, weighting and outline, (b) textbooks and other resource materials, (c) qualifications required for an instructor. Additional information may be required at stated intervals for review purposes, or at the discretion of the receiving institutions.

2. **Transfer Courses/Courses in Transfer Programs**

   In negotiations of transfer credit for transfer courses, the sending institution shall supply the receiving institution with the following information: (a) course description, (b) textbooks and other resource materials, (c) qualifications required for an instructor.

Transfer credit is based on initial negotiations, when the course is first offered by the sending institution. Subsequent negotiations and concurrence of the receiving institution are required where, in the view of the receiving institution, course revisions by the sending institution are sufficiently substantial to affect the transfer credit which has been negotiated.

Procedures

1. Each institution shall identify a Contact Person (e.g., Registrar or Admissions Officer) who will be responsible for both internal and external distribution of formal transfer proposals and responses.
2. Each institution shall, through its Contact Person, maintain and provide on request from other institutions (a) a list of other important institutional contacts for the purpose of facilitating appropriate preliminary discussions, and (b) a description of the internal procedures followed in the institution for the development and/or evaluation of proposals for transfer arrangements.
3. It is expected that proposals for credit will be processed as expeditiously as possible and formalized by means of the Council's Transfer Credit Proposal Form. If the transfer proposal is acceptable, the receiving institution will inform the other institutions in the system accordingly. The transfer normally will be honoured within the sub-system of which the receiving institution is a constituent.
4. If the transfer proposal is not acceptable, the receiving institution shall supply in writing, to the sending institution, the reason for this decision.
5. In the event that agreement has not been reached pursuant to (3) and (4), an institution may submit to the Council a written request for mediation. Where, in its opinion, the Council determines that a dispute concerning transfer exists, the Council may mediate to resolve the dispute.
6. In the event that the agreement cannot be reached pursuant to (5), the institutions in dispute may agree to submit the dispute to Council for arbitration. The

Council will then establish procedures for the resolution of the dispute, and issue its decision resolving the dispute. The arbitration decision of the Council shall be final and without appeal or review.

7. Transfer arrangements are to be regarded as relatively enduring bilateral agreements — to be altered, amended or deleted only after **mutual consultation**. Regular discussion of existing transfer arrangements should take place between sending and receiving institutions. Any institution planning program or course changes which could bear on existing transfer arrangements as recorded in the *Alberta Transfer Guide* shall, insofar as possible, inform those institutions which would be primarily affected — subject, where necessary, to renegotiation. In cases where renegotiation of a transfer agreement is requested by either a sending or receiving institution, the onus is on the institution requesting the change to provide the other institution with **sufficient notice** and lead-time to permit renegotiation before the next edition of the *Transfer Guide*.
8. Renegotiation of transfer arrangements is subject to the same guidelines as for the initial negotiations (i.e., 3-6).
9. When a new agreement has been negotiated, it replaces the old agreement in the next edition of the *Transfer Guide*.

E. INSTITUTIONAL REQUIREMENTS

Within the context of policies and procedures of the Alberta Council on Admissions and Transfer, each institution has particular requirements and practices for admission of students and the award of transfer credit. These institutional requirements are summarized in Section II of the annual *Alberta Transfer Guide*. Students who are planning to transfer are advised to refer to the appropriate institutional calendar and to consult with the Registrar's Office at the receiving institution.

F. PRIVATE PROVIDERS POLICY
A policy for facilitating course transfer agreements between Alberta non degree -granting private providers and post-secondary receiving institutions

Framework

The primary goal of the Alberta Council on Admissions and Transfer is to provide leadership and direction in the improvement and enlargement of educational opportunities for Alberta's students through inter-institutional transfer.

To this end, Council has a continuing responsibility for facilitating improvement in communications and working relationships among institutions regarding the admission of transfer students and the award of transfer credit. Recognizing that adult learners are served by a variety of providers, not all of which receive operating grants from Alberta Learning, Council has developed the following policy and procedure to facilitate the commencement of negotiation between private providers of adult learning and post-secondary receiving institutions currently served by Council. The policy is intended to serve adult learners by improving transferability, where academically appropriate, between courses and programs of private providers of adult learning and post-secondary receiving institutions currently served by Council.

Students, post-secondary institutions, and the public will benefit from improved communication. By extending the coverage of Council's principles, policies and procedures, the needs of adult learners will be better served. The policy will help students by facilitating the transferability of courses among providers in Alberta's adult learning system.

Policy

Through its procedures, Council will facilitate communication among Alberta providers of adult learning, including those that do not receive operating grants from Alberta Learning, so that student access and the opportunity for student transfer among providers of adult learning in Alberta is optimized.

Procedure

The objective of the procedure is to facilitate student transfer from programs of private providers operating in Alberta. This procedure is non-mandatory and non-regulatory. The procedure enables the Council Office to provide information in a standard format in order to assist receiving institutions currently served by Council to decide whether or not to enter into transfer negotiations with a private provider.

1. A private provider may contact the Council Office if it wishes to negotiate transfer agreements with a post-secondary receiving institution presently entered in the *Alberta Transfer Guide* and have these agreements recorded in Council's registry of admission and transfer agreements.
2. The Council Office then will provide the chief executive officer of the private provider with a copy of Council's Principles, Policies, and Procedures and request the private provider to formally commit itself to abide by them in its practices as both a receiver and sender of students. At the same time, a questionnaire will be sent to the private provider.
3. When the private provider has formally committed itself to abide by Council's Principles, Policies, and Procedures, and has provided a response to the questionnaire, the Council Office will prepare a "Fact Sheet" on the private provider. A draft copy will be sent to the private provider for verification.
4. The Council Office may seek further information as it sees fit and may request a meeting with officers of the private provider.
5. When the "Fact Sheet" is finalized, the Council Office will make it available to potential receiving institutions at the request of the receiving institution. The "Fact

Sheet" is intended to assist the potential receiving institution in determining whether it is appropriate to proceed with negotiations for course or program transfer.

6. When a receiving institution informs the Council Office that it is prepared to consider course or program transfer credit proposals, the Council Office may ask the private provider to name an official to whom and from whom communication on admission and transfer matters will be directed.
7. The Council Office will then send the appropriate Council transfer credit proposal forms to the official at the private provider for use in formalizing transfer agreements.
8. If a receiving institution approves a transfer credit proposal from the private provider, it will follow Council's procedure and return the signed transfer credit proposal form to the official at the private provider with the original to the Council Office.
9. Under section 3 of its Terms of Reference, Council will include information on the transfer agreement in its registry of admissions and transfer arrangements.

G. PRINCIPLES AND STANDARDS FOR THE RECOGNITION OF PRIOR LEARNING

Context

Adult learners may desire recognition of their prior learning for a variety of goals including employment, further education, occupational/professional certification, and personal satisfaction. To assist adult learners to further their education and in keeping with its Terms of Reference, Council encourages post-secondary institutions to develop prior learning assessments that are granted system-wide recognition. The award of transfer credit in given courses or programs may be based on formal or informal learning experiences including: (1) work experience, (2) maturity/life experience, (3) unstructured educational experiences such as self-study, and (4) structured educational activity. In Alberta, transfer agreements covering formal courses and programs are recorded in the *Alberta Transfer Guide*. By extending recognition of prior learning to include all four varieties of learning, service to adult learners will be improved. Recognized prior learning should be transferable among programs within and beyond the post-secondary institution when it is appropriate to do so.

Framework

As learning may occur in a variety of settings, it is essential that adult learners receive appropriate recognition for prior demonstrated learning toward desired certificate, diploma or degree programs. Basic to the purpose and activity of the recognition of prior learning is Council's **principle (a)**:

> Student access to higher education and the opportunity for student mobility among institutions of higher education in Alberta shall be optimized. Barriers to student mobility shall be minimized. The integrity of educational programs and certification must, however, be maintained. **A student should not be required to repeat previous learning experiences in which competence has been demonstrated nor should more transfer credit be granted than previous learning experiences would warrant for successful completion of the program.**

Council encourages institutions to develop procedures for the assessment of demonstrated prior learning. In keeping with its terms of reference, Council also encourages the development of procedures by which the recognized prior learning then receives system-wide recognition consistent with the educational mandates of post-secondary institutions. Recognized prior learning should be portable.

Academic principles

1. Recognition of prior learning should be based on demonstrated learning.
2. Recognition should be appropriate to the course or program in which it is accepted.
3. Recognition of prior learning should be consistent with the achievement levels required by the post-secondary program in which it is accepted.
4. Recognition of prior learning should be for learning that has a balance, appropriate to the subject, between theory and practical application.
5. Assessment of prior learning by post-secondary institutions should be made by content specialists, with external advice as necessary.

Administrative standards

1. Official notation of the recognition of prior learning on post-secondary institution transcripts and student records should be consistent with the institution's policies and procedures relating to maintenance of student records.
2. Institutional policies and procedures applied to assessment should be fully disclosed; e.g. in the calendar.
3. All personnel involved in the assessment of prior learning should receive training for the functions they perform, and there should be provision for their continued professional development in areas related to recognition of prior learning.
4. Institutional recognition of prior learning policies and practices should be regularly monitored, reviewed, evaluated, and revised as needed. In keeping with its terms of reference, Council shall monitor the effectiveness of recognition of prior learning policies and practices within the Alberta post-secondary system.

VII. COUNCIL TERMS OF REFERENCE AND MEMBERSHIP

The following Terms of Reference were adopted by Council motion on February 14, 1975:

1. The Council shall review current regulations, proposals and practices for admissions and transfer which have been generated by Advanced Learning and by institutions and subsystems for the purpose of identifying those guidelines and procedures applicable to all institutions within the system of advanced education.
2. The Council shall develop procedures by which admissions and transfer policies, guidelines and procedures are granted system-wide approval.
3. The Council shall compile, maintain and disseminate a registry of all existing admissions and transfer arrangements within the Alberta system of advanced education.
4. The Council shall monitor the effectiveness of admissions and transfer policies and practices throughout the advanced education system; to this end it may carry out, or request institutions to carry out appropriate studies.
5. The Council shall recommend to Alberta Learning and to institutions revisions of policies, guidelines and procedures as it deems necessary.
6. Acting within the provisions of existing legislation, the Council shall, upon the written request of an institution, serve as mediator in resolving inter-institutional admission and transfer problems. (The Council will not deal with requests by individuals).
7. In the event that agreement cannot be reached through mediation, the Council shall, upon written request by the institutions concerned, serve as arbitrator.
8. In fulfilling its arbitration role, the Council shall establish arbitration procedures, inform the institutions of these procedures, and inform the institutions of its decisions, which shall be final and binding.
9. The Council shall advise the Minister of any legislative changes which it deems necessary.
10. The Council, at the request of the Minister or institutions, shall comment on unresolved transfer problems related to proposed programs.
11. The Council shall report annually to the Minister of Learning on its activities.
12. The Council will operate with the support of: a) Council members, to be reimbursed by Alberta Learning for out-of-pocket expenses incurred; b) the Chairman, to be paid an appropriate honorarium; and c) an executive officer and such other necessary resources and services to be made available by Alberta Learning as required by the Council in the fulfillment of its responsibilities.
